Fort Saint George, Public Works Consultation of 13th October 1857.

No. 31. Read the following letter from Colonel F. A. REID, Quarter Master General of the Army; to Colonel C. A. BROWNE, Secretary to Government, Military Department, dated 26th September 1857, No. 397.

SIR,

I am directed by the Commander-in-Chief to request you will be good enough to lay before Government for its favorable consideration a Plan received from Captain Campbell, Executive Engineer at Jackatalla for combining in a Tower, a place of Refuge, a Magazine, Public Stores, and Punishment Shed; Captain Campbell speaks of it as a plan of the Great Napoleon's and His Excellency recommends its adoption. The estimated cost is 31,160, but of this sum, about 18,000 Rupees would be expended under any circumstances in the detached Buildings, so the actual extra outlay will not probably exceed 13 or 14,000 Rupees.

No. 32. ORDER THEREON, No. 1906; dated 9th October 1857.

Ordered that the above letter from the Quarter Master General of the Army, together with the Plan which accompanied it, be referred to the Chief Engineer for report in communication with Captain Campbell. The detached buildings on which the 18,000 Rupees referred to are to be expended should be specified.
