SIR,

We have the honor to request you will bring to the notice of the Right Honorable the Governor in Council the present state of the North Beach Road between the Custom House and Clive's Battery, and the probability of its being still further encroached upon by the Sea during the approaching monsoon, to guard against which we would respectfully suggest that a bulwark of rough stone be laid down to protect the road from the action of the surf, after it shall have been widened to such extent as Government may determine.

Municipal Commissioners for the Town of Madras.

Ordered to be communicated to the Chief Engineer, who will be good enough to have the portion referred to of the North Beach carefully inspected and submit, if necessary, to the Department of Public Works, an estimate for any work which he may propose for arresting the further encroachments of the Sea in that quarter.
