Not to be folded or roughly handled

Fort Saint George, Public Works Consultation of 20th October 1857.

No. 36. Read the following letter from G. L. PRENDERGAST, Esq., Accountant General; to E. MALTBY, Esq., Acting Chief Secretary to Government, dated 6th October 1857, No. 183.

SIR,

I have the honor to state that certain Surveying Instruments were received from Calcutta for the use of the Neilgherry and Coimbatore Survey, the value* of which stands in the books of this office to the debit of Lieutenant Ouchterlony of the Neilgherry Survey under the head of Civil Stores. A reference was made to the Chief Engineer† to ascertain in what manner these Instruments were distributed on the abolition of that Survey, which information has been supplied‡ by him to me. It appears that the Articles shewn in the margin§ have been broken and become useless, the value of which Rupees 132-3-6 the Chief Engineer recommends should be written off to "Profit and Loss." I request to be favored with the orders of Government for writing off the same accordingly to the debit of "Profit and Loss" from the head of "Civil Stores," under which the sum now stands at the debit of Lieutenant Ouchterlony, as already mentioned.

* Rupees. 2,644-12-3.

† On the 31st October 1855.

‡ Letter 21st March 1857.

§ One Mountain Barometer, 4 packing cases and one Doolee the valuation of all of which is stated to be Rupees 132-3-6.

No. 37. ORDER THEREON, No. 1944; dated 16th October 1857.

The Right Honorable the Governor in Council authorizes the Accountant General to write off to Profit and Loss the sum of Rupees (132-3-6) one hundred and thirty-two, annas three and pice six, being the value of certain Surveying Instruments represented to have been broken and become useless.

(Signed) H. FORBES,
Acting Secretary to Government.
