Consultation

G.O. No. 1765	Press Mis.
Dated 26	18 37

Not to be folded or roughly handled

Fort Saint George, Public Works Consultation of 20th October 1857.

No. 38. Read the following Extract from the Proceedings of the Chief Engineer, dated 3rd October 1857, No. 4189.

Read the following letter from Captain J. CAMPBELL, Executive Engineer; to Colonel C. E. FABER, Chief Engineer, dated Jackatalla, 23rd September 1857, No. 131.

SIR,

Belloor. Ningah.

I regret to have to report that as one of my Coolies was yesterday standing looking at another man of the party, picking a five feet face of earth. A dislodged Mass rolled towards him, in his attempt to escape, he became entangled with a Wheelbarrow directly behind him, the Mass struck him when down, and broke his leg, and the barrow at the same time.

The Medical Officer in charge states, that this case promises to do well.

Resolved, that a copy of the foregoing letter No. 131, dated 23rd September 1857, from Captain Campbell, Executive Engineer, reporting that a cooly broke his leg by accident, be submitted to Government with reference to Extract Minutes Consultation, No. 552, dated 23rd April 1856.

(Signed) C. E. FABER, Colonel,
Chief Engineer.

No. 39. ORDER THEREON, No. 1945; dated 16th October 1857.

It is only to be observed that the Extract Minutes Consultation No. 552 dated 23rd April 1856, with reference to which the Chief Engineer forwards a letter from the Executive Engineer of Coimbatore regarding an accident that occurred to a Cooly, does not require the submission of such a report to Government as Colonel Faber seems to suppose.

(Signed) H. FORBES,
Acting Secretary to Government.

District Engineer
