No. 50. Read the following letter from Colonel C. E. FABER, Chief Engineer; to H. FORBES, Esq., Acting Secretary to Government, dated 12th October 1857, No. 4407.

SIR,

I have the honor to forward, for submission to Government, copy of a letter* from the District Engineer of Coimbatore requesting permission to expend a sum of (6,000) six thousand Rupees, out of the estimate‡ for improving the Calingaroyen channel, in strengthening the banks sufficiently to ensure their safety under a full supply of water.

* No. 420, dated 22nd September 1857.

‡ Budget No. 354 of 1857-58.

2. The circumstances under which this application is made are such as to render unnecessary, any apology or explanation, and I cannot too earnestly support the request of Captain Francis, who has already authorized the commencement of the work by the outlay of 1,000 Rupees.

Letter from Captain P. M. FRANCIS, District Engineer of Coimbatore; to Colonel C. E. FABER, Chief Engineer, dated Bowany, 22nd September 1857, No. 420.

SIR,

I have the honor to request your permission to spend at once about Rupees 6,000 out of the Calingaroyen channel estimate Budget No. 354 of 1857-58, of which 25,726 Rupees was sanctioned for earth work, you are aware that a large revenue of nearly one lac of Rupees depends on this channel, and the whole estimate of 64,898 Rupees was sanctioned by the Government of India in the light of a repair; the amount which I now ask for is only enough to enable me to strengthen the Banks sufficiently to carry down a full channel of water, to prevent actual breaches. I have authorized Mr. Reid to draw one thousand Rupees pending this reference.

No. 51. ORDER THEREON, No. 2001; dated 23rd October 1857.

Agreeably to the recommendation of the Chief Engineer, the Right Honorable the Governor in Council authorizes the District Engineer of Coimbatore to expend a sum of Rupees (6,000) six thousand, out of the estimate for improving the Calingaroyen channel, in strengthening the Banks sufficiently to ensure their safety under a full supply of water.
