No. 131. Read the following Extract from the Proceedings of the Chief Engineer, dated 20th October 1857, No. 4598.

Read the following letter from Captain F. H. RUNDALL, District Engineer, Godavery Division; to Colonel C. E. FABER, Chief Engineer, dated 3rd October 1857, No. 593.

SIR,

With reference to Extract Minutes Consultation No. 1802, dated 22nd September 1857, I have the honor to inform you that, at the time of the transfer of the Marahmut establishment from the Collectors to the Engineers Department, the Collector signified his wish in the accompanying letter to retain certain appointments in his Office, until an answer was received from the Board of Revenue, whom he had addressed on the subject of these, Oopooloor Soobarow was one. The Collector continued to draw the salaries of these men from the Marahmut establishment allowance himself, and I drew only the salaries of such as were actually transferred.

2nd. Upon the orders of Government being received to discontinue drawing the salaries of the Marahmut establishment, and to entertain the Individuals composing it in the place of the last appointed in the permanent establishment, I immediately made provision for those named in the margin, reporting the same in my letter of the 26th Instant. Amongst these is Oopooloor Soobarow. The drift of the passage in his petition "but I have never served in any Engineer Offices" seems to be made in contradistinction to his acquirements in the Revenue line, and to point to his wishes to remain in the Collectorate Department rather than be transferred to the Public Works Department.
