G.O. No. 2667 Press Mis.

Dated 26-2-71 18 72.

Not to be folded or roughly handled

No. 26. Read the following Report from Colonel C. E. FABER, Chief Engineer; to H. FORBES, Esq., Acting Secretary to Government, dated 19th October 1857, No. 4531.

Report on an estimate prepared by Lieutenant Syme, late an Executive Engineer in the Department of Public Works, for constructing a 1st Class District road, from Nelleemookoo to Gauzawanka Miles 4-1-54.

Amount of estimate, Rupees (7,170) seven thousand, one hundred and seventy; comprising the items shown in the accompanying abstract.

1. The object of the proposed road is to open a communication from the extensive Salt Pans at Nelleemookoo, to the interior.

2. The quantity of Salt made at these Pans last year, was 1,08,000, Maunds, but is likely this year to be 2,00,000, Maunds, in consequence of the Collector, as stated by the Acting District Engineer in his Report, having been ordered to largely increase the Manufacture.

3. The daily traffic during the months in which the Salt is imported into the interior, may be assumed at some 60 Carts, and there is no doubt that the trade will be extended when a Cart communication has been opened as contemplated to the Jeypore Country. It is considered therefore, that with the down trade in &c., the Acting District Engineer's estimate of 100 Carts a day, is less than may be expected.

4. A full report on the Country through which the road is proposed to be taken, with details of its construction, are given by the Acting District Engineer, and as it appears unnecessary to recapitulate what is therein so clearly stated, the Chief Engineer has only to remark, that he fully approves of the proposed road, and the rates allowed for the work being moderate and sufficient, to recommend the estimate for entry in the Budget of 1858-59.

Letter from Lieutenant J. VERTUE, Acting District Engineer, of Vizagapatam; to Colonel C. E. FABER, Chief Engineer, dated Camp at Waltair, 27th July 1857.

SIR,

I have the honor to forward herewith Plans, estimates, &c. for the construction of a 1st Class District road from Nelleemookoo to Gauzawanka.

No. 27. ORDER THEREON, No. 2049; dated 3rd November 1857.

The Right Honorable the Governor in Council sanctions for entry in the Budget of 1858-59, the estimate submitted by the Chief Engineer, amounting to Rupees (7,170) seven thousand, one hundred and seventy, for constructing a 1st Class District road from Nelleemookoo to Gauzawanka in the District of Vizagapatam.

(Signed) H. FORBES,
Acting Secretary to Government.

No 4531.

Report on an Estimate prepared by Lieutenant Symes Executive Engineer in the Department of Public Works for constructing a 1st Class District road from Pellamocoo to Sangawanbas - Miles 4-1-54-

Amount of Estimate Rupees [7170] Seven thousand One hundred and Seventy, Comprising the items shown in the accompanying abstract -

1. The object of the proposed road is to open a communication from the extensive Salt farms at Pellamocoo to the interior :-

2. The quantity of Salt made at these farms last Year, was 13,000. Maunds, but is likely this Year to be 2,00,000. Maunds, in consequence of the Collector, as stated by the Acting District Engineer in his Report, having been ordered to largely increase the Manufacture. -

3. The daily traffic during the Months in which the Salt is imported into the interior, may be estimated at Some 60 Carts, and there is

no doubt that the trade will be extended, when a Cart communication has been opened as contemplated to the Jeypore Country. It is considered therefore, that with the down trade in Ycas, the Acting District Engineer's Estimate of 100 Carts a day, is less than may be expected. —

4. A full report on the Country through which the road is proposed to be taken, with details of its construction, are given by the Acting District Engineer, and as it appears unnecessary to recapitulate what is therein so clearly stated, the Chief Engineer has only to remark, that he fully approves of the proposed road, and the rates allowed for the work being moderate and sufficient to recommend the Estimate for entry in the Budget of 1858/59.
