Not to be folded or roughly handled

Fort Saint George, Public Works Consultation of 17th November 1857.

No. 19. Read the following Extract from the Proceedings of the Chief Engineer dated 22nd October 1857, No. 4651.

Read the following letter from B. CUNLIFFE, Esq., Collector of Madras; to Colonel C. E. FABER, Chief Engineer, dated 17th October 1857, No. 56.

SIR,

I have the honor to acknowledge the receipt of Extract from your Proceedings of the 13th Instant, No. 4428, asking for my opinion on the proposition of the Superintending Engineer in charge of Central Circle, that all the works in this Collectorate should be placed under the professional charge of the Civil Architect, in the same manner as District Engineers exercise supervision over all Marahmut works in the Provinces.

2. I think the suggestion a good one, as far as regards all revenue works, and those operations in the Salt Department, requiring an outlay, and hitherto carried into execution by the Supervisor many of his duties however be in the Registrar's Department, such as measuring and mapping extents of land, and these may remain under the control of the Collector.

Resolved to forward to Government copy of the foregoing letter No. 56, dated 17th Instant, from the Collector of Madras, with the Chief Engineer's opinion, that the professional charge of the Public Works in that Collectorate, should be under the Civil Architect.

2. The Survey duties performed by the Supervisor, referred to in the 2nd para. of Mr. Cunliffe's letter, should as suggested remain under the Control of the Collector. This recommendation, the Chief Engineer begs to submit in lieu of that offered in his letter No. 3355, of the 1st September 1857, paras. 5 and 6 regarding Mr. Kemp being placed under the District Engineer of Chingleput.

(Signed) C. E. FABER, Colonel,
Chief Engineer.

No. 20. ORDER THEREON, No. 2100; dated 13th November 1857.

The Government approve the proposal of the Chief Engineer to place the professional charge of the Public Works of the Madras Collectorate under the Civil Architect. The Supervisor, whose duties, it is represented, will lie chiefly in the Registrar's Department, will as recommended by Colonel Faber, remain under the control of the Collecter.

(Signed) H. FORBES,
Acting Secretary to Government.

carried into execution by the Superviser. Many of his duties
