SIR,

With reference to Extract Minutes of Consultation Public Works Department No. 1988 of 22nd instant on the subject of a Plunge Bath at Vizagapatam, I am directed by the Commander-in-Chief to say, that from what His Excellency has observed at the Mount, and heard the men say there, he is of opinion that the European Soldiers have a great objection to Plunge Bath, the separate Baths in which they can bathe individually each with fresh water, are very essential, and conduce highly to the preservation of health.

Sanctioned for immediate execution, the supply of water for the European Troops at the Station of Vizagapatam being very scanty.
