No. 7. Read the following papers.

Extract from the Proceedings of the Board of Revenue, dated 26th September 1857, No. 3224.

Read Extract from the Minutes of Consultation under date the 10th September 1857.

(Here enter No. 1731.)

The Board have only to suggest in addition to the slight change proposed by Government, that doors should be supplied for the Guard Towers.

2. As regards existing Cutcherries it would seem desirable that the Public Works Department should procure plans of them, in view to their gradual improvement and assimilation, where circumstances permit to the standard plan.

No. 8 Official Memorandum from J. D. SIM, Esq., Acting Secretary to the Board of Revenue; to H. FORBES, Esq., Acting Secretary to Government, dated 5th November 1857, No. 3781.

The Acting Secretary to the Board of Revenue has the honor to inform the Acting Secretary to Government, in reply to his Memo. dated 19th Ultimo, that the Board meant inner doors *i. e.* doors to the passages into the Towers from the interior of the building.

2. Such doors the Board thought would both add to the security of the Towers and prevent them from being converted into receptacles for old Lumber, &c.

No. 9. ORDER THEREON, No. 2122; dated 18th November 1857.

Ordered that the above Extract and Official Memo. from the Acting Secretary to the Board of Revenue be communicated to the Chief Engineer, with reference to his letter dated 29th August last No. 3284. Colonel Faber will be requested, with reference to the Board's suggestion to have doors to the Guard Towers, and the proposal of Government to have the Towers loopholed on three sides, to prepare a revised plan and an estimate of the probable cost of each of the four classes of Talook Cutcherries as now modified, for circulation among the Officers of his Department and for adoption, when necessary.
