No. 135. Read the following Extract from the Proceedings of the Chief Engineer, dated 29th September 1857, No. 4054. A.

Read the following Extract from the Proceedings of the Board of Revenue, dated 11th September 1857, No. 3028.

Read Extract from the Proceedings of the Chief Engineer in Department Public Works under date the 13th August 1857, requesting the opinion of the Board of Revenue as to the indispensible necessity of a new Talook Cutcherry at Sungum, in the Nellore District, which was included in the last Budget.

(Here enter No. 2913.)

From the letter of the Acting Collector of Nellore of the 13th July, No. 2811, it appears that under any new arrangement of the Talooks of that District, Sungum will remain the Cusbah of an important Talook, and in his letter to the District Engineer, copy of which is enclosed in the Proceedings of the Chief Engineer, the present Cutcherry is stated to be insecure. Under these circumstances the Board consider the re-construction of the Cutcherry at Sungum to be very necessary.

Ordered that a copy of these Proceedings be furnished to the Chief Engineer Department Public Works.

(A true Extract.)

(Signed) J. D. SIM,
Acting Secretary.

Resolved to submit for the information and orders of Government copy of the foregoing communication No. 3028, dated 11th Instant, from the Board of Revenue with reference to Extract Minutes of Consultation, No. 116, dated 25th January 1856, Para 2.

(Signed) C. E. FABER, Colonel,
Chief Engineer.

No. 136. ORDER THEREON, No. 2158; dated 24th November 1857.

The Chief Engineer will ascertain from the Board of Revenue what class of the standard Plan they would propose for the Talook Cutcherry at Sungum and submit a fresh estimate for the Cutcherry, as that entered in the Budget of 1857-58, for this work does not provide for a building of the description now under contemplation for Cutcherries generally in this Presidency. It is to be observed that a standard Plan for Talook Cutcherries, has been approved of by Government in Extract Minutes of Consultation of 18th Instant, No. 2122.
