No. 118. Read the following Extract from the Proceedings of the Board of Revenue, dated 24th November 1857.

Read the following letter from A. PURVIS, Esq., Collector of Rajahmundry; to J. D. SIM, Esq., Acting Secretary to the Board of Revenue, Fort Saint George, dated Cocanada, 16th November 1857, No. 142.

SIR,

I regret to have to report that the day before yesterday a breach of about 100 yards in length occurred in the Muddoor branch of the annicut at Dowlaishwarum. The work had been inspected by the Engineer Officer in charge the previous day when nothing appeared amiss. The breach took place without the slightest warning. The river of course has fallen considerably, but the District Engineer, who fortunately was at Dowlaishwarum at the time, hopes to have the water raised again within a week. Every endeavour is being made by Captain Rundall and his Department to secure this end, and every assistance which it is in my power to afford I need hardly say will be accorded.

Submitted for the information of Government.

Sir,

I regret to have to report that the day before yesterday a breach of about 100 yards in length occurred in the Muddoor branch of the Anicut at Pourlaiswaram. The work had been inspected by the Engineer Officer in charge the preceding day when nothing appeared amiss. The breach took place without the slightest warning. The river of course has fallen considerably, but the District Engineer, who fortunately was at Pourlaiswaram at the time, hopes to have the water raised again within a week.
