No. 20. Read the following Extract from the Proceedings of the Chief Engineer, dated 23rd November 1857, No. 5428.

Read the following letter from Lieutenant T. E. GAHAGAN, District Engineer of Salem ; to Colonel C. E. FABER, Chief Engineer, dated Camp Mallapoorum, 14th November 1857, No. 525.

SIR,

I have the honor to request that I may be allowed to spend Rupees 2,000, on emergency, in providing a new Stone flooring for 4 arches of the Cauvery Bridge at Bhowany, from the estimate of Rupees 8,000 which was sanctioned by Government on the 6th June 1857.

2. The foundations of two of the piers are, in my opinion, in an unsafe state, and no time should be lost in collecting materials.

Resolved, to forward to Government copy of the foregoing letter No. 525, dated 14th November 1857 with the Chief Engineer's recommendation, that the District Engineer of Salem may be authorized to expend on emergency, one fourth of the estimate for securing the Cauvery Bridge at Bhowany.

(Signed) C. E. FABER, Colonel,
Chief Engineer.

No. 21. ORDER THEREON, No. 2218 ; dated 3rd December 1857.

The estimate of Rupees 8,000 referred to in the above Proceedings having been sanctioned on emergency, does not fall under the operation of the restrictive orders of the 17th July last. The work should therefore be proceeded with and brought to completion, as early as practicable.

2. The Chief Engineer will be good enough to circulate this order for the information and guidance of all District Engineers.

(Signed) H. FORBES,
Acting Secretary to Government.
