Fort Saint George, Public Works Consultation of 23rd December 1857.

No. 111. Read the following Extract from the Proceedings of the Chief Engineer, dated 17th December 1857, No. 6035.

Read the following letter from Lieutenant A. S. MOBERLY, District Engineer of Chingleput; to Colonel C. E. FABER, Chief Engineer, dated Camp Guindy, 14th December 1857, No. 1473.

SIR,

I have the honor to forward a Plan and Estimate amounting to Rupees 3,560, for building a Harness room, in rear of the Gun sheds now in course of erection, to the north of the Artillery Barracks. This Plan has been prepared in communication with Lieutenant Colonel Faddy, and he entirely approves. You will observe that a different site is chosen to what is proposed by His Excellency the Commander in Chief, in the Quarter Master General's letter No. 527 of the 23rd November 1857, which is entered in Extract Minutes Consultation No. 2278 of the 8th Instant, this is in consequence of Lieutenant Colonel Faddy wishing, that the space between the Gun shed and the Barrack, now a road, should be taken for a building for Regimental Stores and Canteen. A large Plan shewing every thing is in course of preparation, and which I will forward to you with the Brigadier's Countersignature in token of approval. In the mean time, I have sent up the estimate for the Harness room for early sanction, as it could be better built into the Gun shed.

Resolved with reference to Extract Minutes Consultation Nos. 2137 and 2278, dated 20th November and 8th December respectively, to submit for the orders of Government, the accompanying Plan and Estimate received with the foregoing letter No. 1473, dated 14th Instant, from the District Engineer, Chingleput, amounting to Rupees (3,560) three thousand, five hundred and sixty, for constructing a Harness room on the site of the old Police Office at the Mount, and to recommend that as the work in question is of an urgent nature, the estimate may receive the sanction of the Right Honorable the Governor in Council for immediate execution, in connection with the Gun sheds now under construction.
