G.O. No. 275	Press Mis.—
Dated 125-26-2	18 57

Not to be folded or roughly handled

Fort Saint George, Public Works Consultation of 6th February 1857.

No. 125. Read the following Extract from the Minutes of Consultation, in the Public Department, dated 15th January 1857, No. 58.

Read the following letter from the Commissioner of Police.

Forwarding for submission to Government, a Sketch and Estimate prepared by Major Silver, for the formation of the proposed new road between Pantheon road and Pursawaukum. (Here enter 23rd December 1856 No. 150.)

1. The Commissioner of Police submits an Estimate prepared by Major Silver, for the formation of the proposed new road between the Pantheon road and Pursawaukum.

2. The total Estimate amounts to Rupees 22,850 viz.

Value of ground	-	-	-	-	12,172	15	7
do. of buildings.	-	-	-	-	612	12	7
do. of Trees	-	-	-	-	470	0	0
Supervision charges and working establishment.	-	-	-	-	334	3	10
Cost of constructing road, drains &c.	-	-	-	-	9,260	0	0

3. The first of these items however includes the value of ground required for enlarging the New Police Office compound, which is altogether distinct from the construction of the road. Deducting the value of this land Rupees 1,050 for which the Government herewith grant separate sanction, the total cost of the roads is Rupees 21,800, out of which the value of ground, buildings, and trees, is Rupees 12,204, leaving for other charges Rupees 9,596. The Municipal Board propose to undertake the construction of the cross drains and metalling of the surface of the new road amounting to Rupees 5,700, out of the last named sum.

4. The Governor in Council observes that the proposed road is of great importance. Indeed without it the Cooum Bridge which has been built at so large an outlay, and the road joining it to the Pantheon road, are comparatively of little value. It appears however to Government that it is but reasonable and in accordance with the principle approved by the Honorable the Court of Directors, that if the Government contribute the cost of the ground, trees and buildings that are to be taken for the road, or Rupees 12,204, the further charges Rupees 9,596, should be borne in full by the Municipal Board.

5. The Governor in Council resolves to ascertain from the Board whether they are prepared to incur this proportion of the expenditure. If they are, the Commissioner of Police may proceed at once with the purchase of the ground, trees and buildings, and he will obtain from the Collector of Madras, and forward to Government, the necessary particulars regarding Gopaul Chetty's land, in view to their being entered in the declaration to be published under Acts XX. 1852, and I. 1854.

(A true Extract.)
