No. 133. Read the following Extract from the Minutes of Consultation in the Financial Department, dated 22nd January 1857, No. 47.

Read the following letter from C. H. LUSHINGTON, Esq., Secretary to the Government of India, to the Officiating Secretary to the Government of the N. W. Provinces, dated Fort William, the 9th January 1857, No. 48.

SIR,

I am directed to acknowledge the receipt of your Despatch No. 3695, dated 24th November last, forwarding a letter from the Officiating Accountant, enquiring whether and how the letters No. 1,350, dated 16th November 1856, of credit appertaining to the Department of Public Works which are debited in the Revenue Treasury Accounts are to be shown in his quarterly statement of receipts and disbursements required to be submitted under orders of this Government of the 7th October last, and stating that the amounts of letters of credit have heretofore been entered in his monthly Register of receipts and disbursements under the head of "Civil works and buildings."

2. In reply I am desired to state that as from the present constitution of the accounts of the executive Officers which are rendered half yearly, the Officiating Accountant finds it impossible, within the period allowed for the preparation of the quarterly return, to classify under the heads ordinary and extraordinary, the amounts disbursed on letters of credit appertaining to Public Works, and as such classification will be of no importance to the Public, you will be good enough with the sanction of the Honorable the Lieutenant Governor to instruct the Officiating Accountant to omit from his quarterly returns, the distinction between Public Works ordinary and Public Works extraordinary, and to exhibit the entire receipts and disbursements of the Department under the single head of "Public Works."
