Stating with reference to Extract from Minutes of Consultation, Public Department, No. 87 of 20th Ultimo, relative to the crowded state of the Native Male Wards of the Leper Hospital that the Board consider an addition of two Wards essentially necessary with observations. } (Here enter 3rd February 1857, No. 25.)

The Medical Board concur with Assistant Surgeon J. L. Paul in the necessity of enlarging the Leper Hospital attached to the Monegar Choultry, and suggest that the building be extended to the South East by the addition of two Male Wards for Natives. They consider that, notwithstanding the space thus taken up, which formed part of the site originally marked out for the proposed Foundling Hospital, there will still be sufficient ground for this Institution, wholly separated from the Leper Hospital.

2. Orders will be issued from the Department of Public Works for the early submission by the Chief Engineer of a plan and estimate of the proposed two additional Leper Wards.
