Press
Mis-

Dated

18.2.37

Not to be folded or roughly handled

Fort Saint George, Public Works Consultation of 24th February 1857.

No. 26. Read the following letter from Colonel C. E. FABER, Chief Engineer; to J. D. BOURDILLON, Esq., Secretary to Government, D. P. W., dated 24th January 1857, No. 9726.

Sir,

1. I have the honor to forward copy of a letter No. 195, dated 19th October 1856, from the District Engineer to the Collector of Canara, together with a Map, shewing the proposed division of the District into seven Executive charges.
2. The Collector's approval of the arrangement is signified in the accompanying Extract from a letter dated 25th October 1856, and as I fully concur in considering the apportionment to be Judicious, I beg to be favored with the orders of Government, respecting the same.
3. I regret, that with the press of other business of late in the Central Office, the completion of the Map should have been so long delayed.

No. 27. ORDER THEREON, No. 335; dated 19th February 1857.

The Right Honorable the Governor in Council sanctions the division of the District of Canara into Executive circles as proposed by the District Engineer and recommended by Colonel Faber in his letter above recorded.

(Signed) H. FORBES,

Acting Secretary to Government.

No 195

Assistant Civil Eng. Office
Canara District
Bellary 19 October 1856.

From Lieutenant J. Goddard
Assistant Civil Engineer
To W. Fisher Esquire
Collector of Canara.

Sir,

I have the honor to append a table
showing the mode of distribution of the Officers
and Establishment under my orders subsequent
to 1st September for your perusal and comment,
and to request that as early a period as prac-
ticable you will let me have your opinion of
the desirability or otherwise of such distributions.

I have here to observe that the number
and trivial repairs which from time to time re-
quire execution in the District, will with difficulty
be carried out by the Marathum Establishment
(as we at present is) at my disposal, and I should
feel much obliged if you will direct the Officers
making use of the various Revenue, Judicial,
and Police Buildings to Report to the Officers
in charge of the District to which the Buildings
belong, as shewn in the accompanying map, the
necessities for repairs to buildings as they become
 requisite.

Circle No 1.

The boundaries of this Circle require no
explanations.. Circle No 2..

Moondode is not in charge of the officer
of

that still is, as necessary, is the inclusion of Munner
in Circle No 5, the spot marked out under this,
name being a Mugamy alias heat to the Comdant
Taloot. Though situated actually in the Mysore
Country. The Engineer Officer here, has always
imagined undertaken the construction and repair
of the whole of the Collier Chant line, up to the
Eastern frontier of Munner; but on this point, your
on record will most ably afford you correct information.

2. The Tahsildars have all been directed to furnish
me with monthly lists of any repairs required to
Buildings, within their several charges, and I would
suggest that these lists with my remarks thereon
I may find occasion to make, be forwarded to you,
and the necessary Orders to the Circuit Officers be
then issued.

No 9726

Public
Division of the
Canara District
into Executive
Charges.

From
The Chief Engineer
To
The Secretary to Government
P.W. Department.

Sir:

1. I have the honor to forward copy of a letter
No 195 dated 19 October 1836 from the District
Engineer to the Collector of Canara, together with
a map, shewing the proposed division of the
District into seven Executive Charges.

2. The Collector's approval of the arrangement
is signified in the accompanying Extract from
a letter dated 25 October 1836, and as I fully
concur in considering the Apportionment to be
judicious, I beg to be favored with the orders of
Government respecting the same.

3. I regret that with the press of other
business of late in the Central Office, the
completion of the map should have been so
long delayed.

I have the honor to be

Sir

Your most obed^t Servant

Wm. Lister Colonel

Chief Engineer

The Deposit Honorable

as proposed by the District
Engineer and recommended
by Colonel Stiles in his letter
above recorded.
