Fort Saint George, Public Works Consultation of 24th February 1857.

No. 60. Read the following Extract from the Proceedings of the Acting Superintending Engineer, Northern Circle, in charge of the Central office of P. W., dated 13th February 1857 No. 10239.

Read the following letter from Captain C. A. ORR, District Engineer, in charge Kistnah Division; to Colonel C. E. FABER, Chief Engineer, dated Bezoarah, 4th February 1857, No. 177.

Sir,

1. With reference to your Resolution, No. 6758 of the 24th September last, appended to Extract from the Minutes of Consultation No. 1694 of the 19th Idem, I have the honor to state, that as it appears the duties of the Conservancy Committee are to keep clean and maintain in good order the roads and drains within the Military limits of the station of Masulipatam, but do not extend, as I understand, to the charge of the Fortifications, of which the main gate bridge forms a part, the repair of that structure cannot, in my opinion, be included in the arrangements to be provided for by that Committee.

Resolved, with reference to Extract Minutes of Consultation, No. 1694, dated 19th September 1856, to submit a copy of the foregoing letter No. 177, of the 4th Instant, from the District Engineer in charge of Kistnah Division, for the information of Government.

(Signed) C. C. JOHNSTON, Captain,
Acting Superintending Engineer Northern Circle.
