Sir,

Purvis

In forwarding Mr. Moncrieff's application for leave of absence, I would beg to observe, that the reason for its being forwarded at so late a date, arises from the fact of the Extract Minutes Consultation dated 7th Instant sanctioning the lengthening of the Steamer "Flamer" only reached me this morning, and as it is desirable that the Iron required for the Boat should be procured of proper sizes and thicknesses, and at as reasonable a rate as possible. Mr. Moncrieff immediately suggested that he should proceed to Madras by the "Gloriana" so as to save loss of time, and select himself the quantity and quality of Iron required.

2. I would therefore beg to recommend.

recommend his application.

The Chief Engineer in the D^o P^u W^o

Sir

On the 24th Jan^y 1857 I left Coanada
for Madr^a on privilege leave which expires on
the 24th Instant. My object in applying for leave
was rather to enable me to purchase iron and Gene-
ral Stores for the Doolaisherum Workshops
now under my charge, and this object I have not
yet been able fully to accomplish. I have there-
fore the honor to request that you will do me the
favor of forwarding that my application for
permission to remain away from the Pajah-
mundry District on duty, until the 5th March
1857, as this will just allow me to execute the
abovementioned duty - previous to rejoining the
Dut^y.

I have &c

F. L. Moncrieff

Covenanted Engineer

Resolved, that the foregoing letter
and therefrom the District Engineer of the Army
Division dated the 21st January last, be submitted
to Govt, with the recommendation of the Sup^r
Eng^r in charge of the Central Office of A.W., that
the extension of leave applied for till 8th March
by Mr. Moncrieff be granted, that gentleman's
object in remaining in Madras, being to pur-
chase articles required for the Doolahoonam
Workshop.
