Colonel C. E. Faber
Chief Engineer D. C. M.
Fort St. George.

Sir,

Purvis

In forwarding Mr. Moncrieff's application for leave of absence, I would beg to observe, that the reason for its being forwarded at so late a date, arises from the fact of the Extract Minutes Consultation dated 7th Instant sanctioning the lengthening of the Steamer "Flamer" only reached me this morning, and as it is desirable that the Iron required for the Boat should be procured of proper sizes and thicknesses, and at as reasonable a rate as possible. Mr. Moncrieff immediately suggested that he should proceed to Madras by the "Gloriana" so as to save loss of time, and select himself the quantity and quality of Iron required.

2. I would therefore beg to recommend.

recommend his application.
