## *Fort Saint George, Public Works Consultation of 3rd March 1857.*

No. 79. Read the following Extract from the Minutes of Consultation in the Judicial Department, dated 23rd January 1857, No. 98.

Read the following letter from J. ROHDE, Esq., Inspector of Prisons; to T. PYCROFT, Esq., Chief Secretary to the Government of Fort Saint George, dated 6th January 1857, No 6.

SIR,

In reference to the Extract from the Minutes of Consultation, 5th January, No. 16, forwarding for my report, a report on an estimate prepared by the District Engineer, for constructing a new Guard room for the Jail at Cuddapah, I have the honor to state that my intention was to give up the Jailor's house (formerly the Guard room) for that purpose and patch up the Bungalow with an upper story behind the Jail, which Mr. Murray had no objection to give up, as a Jailor's house as noted in the 1st para. of the detailed report on that Jail.

2. I am very averse to any expensive alteration of that Jail, it is as I have noticed in my report a good specimen of cheap building and may be used with advantage as long as the repairs are confined to the mere patching of village workmen, but it is a very expensive style of building to put into the hands of an Engineer's Maistry, and this remark applies to Bellary also.

---

1. Under the opinion expressed by the Inspector of Prisons, the Government are not prepared to sanction the construction of a Guard room at the Cuddapah Jail.

2. They will leave it to the Inspector to make such arrangements of the nature indicated in his letter as may be sufficient for that purpose.

(Signed) T. PYCROFT,
*Chief Secretary.*
