No. 66. Read the following letter from Colonel C. E. FABER, Chief Engineer; to H. FORBES, Esq., Acting Secretary to Government, dated 10th March 1857, No. 10784.

SIR,

With reference to Extract from the Minutes of Consultation No. 1275, dated 22nd October 1856, I have the honor to forward under Clause II of Extract from the Minutes of Consultation No. 696, dated 18th October 1855, copy of a letter No. 141, of the 21st Ultimo, from the Civil Architect, together with a sketch of the Hindoo Burning place in use with the Chetty caste, and an estimate of Rupees (1,010) one thousand and ten, for building a wall on its south side to separate it from the new road and Railway Terminus.

2. The estimate in which the rates allowed are moderate and sufficient, comprises the following items:

	Rs.	A.	P.
7,468⅛ Cubic feet brick in chunam at anna 1 and pice 9⅓ ₱ cubic foot.....	836	4	5
7,500 Square feet plastering with 2 coats chunam at 1-13-9 ₱ square ...	139	7	3
Excavating foundations and levelling the ground	10	0	0
Sundry charges and scaffolding	24	4	4
Total.....	1,010	0	0

3. I am of opinion for the reasons assigned by the Civil Architect, that the wall should be built of brick in chunam, but should Government desire it to be of brick in clay, with 1 foot of coping in chunam, the estimate for which sanction is required will be reduced to Rupees (840) eight hundred and forty

4. The wall is to be 350 feet in length, and raised 10 feet above foundations which are to be 3 feet.

No. 67. ORDER THEREON, No. 487; dated 17th March 1857.

Ordered to be referred to the Public Department for consideration.

(Signed) H. FORBES,
Acting Secretary to Government.

General

Civil Architects Office,
