No. 74. Read the following letter from Colonel C. E. FABER, Chief Engineer; to H. FORBES, Esq., Acting Secretary to Government, D. P. W., dated 3rd March 1857, No. 10627.

SIR,

On the receipt of Extract Minutes Consultation No. 81, dated the 19th January 1856, para. 1. was communicated to the different Officers affected by the arrangement with a request that they would be good enough to separate the records into Districts as expeditiously as possible; and in accordance with these directions, the District Engineer Coimbatore now forwards the accompanying bill for Rupees 96-13-0, being the amount paid to the Writer, and Moochee employed in separating the records that appertained to the Malabar District, and which I beg to submit for the favourable consideration of the Right Honorable the Governor in Council. The District Engineer states that the Moochee was employed in re-binding those Books which could be cut into two, separating the Malabar and Coimbatore papers; and that the Writer was employed in copying the important records which were too intimately mixed up to be otherwise divided and made over.

No. 75. ORDER THEREON, No. 490; dated 17th March 1857.

The Right Honorable the Governor in Council sanctions the bill submitted with the foregoing letter, amounting to Rupees (96-13-0) ninety-six, and annas thirteen, being the amount of salary paid to certain extra servants employed in separating the Engineer records of the Malabar and Coimbatore Districts. The Government observe that such extra establishments ought not to be employed without their previous sanction.

Acting Secretary to Government.
