The Chief Engineer P.W.D.
Fort St George—

Sir,

With reference to Fort Ord. No. № 2147 dated 17th Novr 1856 I have the honor to state, that soon after my arrival at this place I met the Gomastah with whom I left in charge of the stores at Goomulcondah, and learn from him that whatever may be to blame, for the loss of stores at that place reported in my letter of the 21st October 1856, the loss itself is of the most trifling character consisting in fact simply in the partial damaging of two tents of small value

Although therefore I have no doubt that the servants of the Talookdar who had the custody of the stores are in fault I think there is no occasion for any further investigation of the matter, and that it may be allowed to drop—
