Dated 19—3—	1857.

Fort Saint George, Public Works Consultation of 24th March 1857.

No. 20. Read the following Extract from the Proceedings of the Acting Superintending Engineer, Northern Circle, in charge of the Central office of Public Works, dated 18th February 1857, No. 10337.

Read the following letter from Lieutenat E. HEMERY, District Engineer of Cuddapah; to Colonel C. E. FABER, Chief Engineer, D. P. W., dated Cumbum, 30th January 1857, No. 884.

SIR,

On the 23rd July I fordwarded a report as to the cause of the accident at Cumbum, by which three Coolies lost their lives when digging for kunkur, and on the 26th of the following month, I submitted detailed information regarding the relatives of the deceased persons, I now have the honor to forward a copy of Proceedings taken by the Sub Collector and Joint Magistrate, to investigate the claims to gratuity on the part of the relatives of the said Coolies.

2. This document has been prepared agreeably to the form annexed to Extract No. 1687 from Minutes of Consultation, under date the 18th September 1856.

3. I propose that 24 Rupees, equal to six months pay of the deceased Condadoo, should be given to his father Narrah Chinna Condadoo, stated to be in poor circumstances; that 10 Rupees, equal to four months pay of the deceased Achee, should be given to her mother Sungah Vengama, who possesses a small quantity of land and that a gratuity of 24 Rupees, equal to six months pay of the deceased Chinna Rungadoo, should be given to his mother Yamareddy Sashee, whose family is stated to be very poor.

4. The case of a woman cooly named Lingee who was severely injured at the same time and place is deserving of Commisseration. Mr. Assistant Apothecary Martin informs me, that her collar bone was broken, and she does not appear to have applied either to himself or to the Sub Collector's Dresser for Medical aid, the consequence is, that the bone has united very imperfectly and she can no longer work for her daily sustenance; although a case of this nature is not provided for in the orders of Government, I beg to recommend that 15 Rupees or 6 months pay be given to her, as she is in very indigent circumstances, and lives entirely on charity.

Resolved, in continuation of Extract from the Chief Engineer's Proceedings No. 5280, dated 28th July 1856, to submit to Government copy of the foregoing letter No. 844, dated 30th January 1857, from the District Engineer, and of the Proceedings, in the form prescribed* by the Gonernment of India, taken by the Sub Collector and Joint Magistrate of Cuddapah, to investigate the claims to gratuity on the part of the relatives of the deceased Coolies.

* Notification No. 28 dated 4th July 1856.

2. Resolved also to recommend for the favorable consideration of Government, the case of the woman Cooly Lingee who has been injured so severely, as to be no longer able to work for her daily sustenance.

(Signed) C. C. JOHNSTON, Captain,
Acting Superintending Engineer Northern Circle.

No. 21. ORDER THEREON, No. 504; dated 19th March 1857.

Fort Saint George, Public Works Consultation of 24th March 1857.

3. With regard to the application for a gratuity to the woman Cooly who was severely injured by the same accident, the Government observe that as the rules provide only for cases in which death actually ensues from injuries sustained, they are precluded from complying with the recommendation on her behalf.

(Signed) H. FORBES,
Acting Secretary to Government.

For Orders. 3rd

Public Works Department No 339.
Extract from the Pro: of the Chief Engr 18th July: 1857-

The rules appear to contemplate only cases in which death actually ensues - so that the woman's case cannot be included: I do not know that there is any reason why this should be the case -

The other case appears to be correct -
