Fort Saint George, Public Works Consultation of 31st March 1857

No. 47. Read the following letter from Colonel C. E. FABER, Chief Engineer ; to
H. FORBES, Esq., Acting Secretary to Government, dated 6th March 1857, No. 10729.

SIR,

With reference to Extract Minutes Consultation September 30th 1856, No. 1763, I have the honor to submit under Clause 2 of Extract Minutes Consultation No. 696 18th October 1855, the accompanying estimate prepared by Captain Rawlins late 1st Assistant Civil Engineer now Officiating Garrison Engineer, for building a shed at the Boatmen's gate for the shelter of the people employed in supplying water to the shipping in the Madras roads, amounting to Rupees (680) six hundred and eighty.

2. The plan of the building has been prepared under instructions from this office, and has been approved by the Master Attendant, a copy of whose memo. dated 21st Ultimo, is herewith submitted.

3. The accompanying Report contains full particulars of the building proposed to be erected and I beg to recommend it for immediate execution.

4. The rates allowed in the estimate, are moderate and sufficient.

No. 48. ORDER THEREON, No. 565 ; dated 27th March 1857.

In the absence of an explanatory sketch of the locality, the Government are unable to understand on what spot it is intended to build the shed referred to in the foregoing letter. The Chief Engineer is requested to obtain and submit such a sketch without delay.

(Signed) H. FORBES,
Acting Secretary to Government.

Memorandum.

With reference to a Memorandum from the Superintending Engineer, Northern Circle of the Public Works, and a Plan and Estimate for building a Shed at the Boatman's Gate for the storage of coals, and for shelter of the people employed in supplying water to the shipping in the Madras Roadstead, The Master Attendant has the honor to state as his opinion, that the Plan is good and promises to be fully equal to the wants required. As regards the Estimate, the Master Attendant does not consider himself fully competent to offer a decided opinion, but he thinks it moderate, and as the watering of shipping from the position referred to is much required, he hopes it will be executed as soon as practicable.

Master Attendant's Office,

Madras 21st February 1857

(Signed) C. Biden,

Master Attendant

To

The Superintending Engineer

Northern Circle

In charge of Office of P. Works.
