Sir.

With reference to the subject of
* No 68 your letter under date 17th Instant, I have
the honor to inform you, that I have failed
to obtain any clear explanation from the
original framers of the estimates. I there-
fore request that those estimates may be
considered as cancelled, and the executive officers
of the respective circles be permitted to frame
fresh ones if necessary.

2 I have called upon Captain
Crewe, and Mr. Horgan, respectively to take
any early opportunity of inspecting the works
for which the estimates under reference were
framed, and to submit reports on their present
state and necessity for radical improvement.

3 It being more than two years
since the estimates under reference were pre-
pared, it is not at all likely that they would
now meet the present exigencies of the cases.
