Fort Saint George, Public Works Consultation of 12th May 1857.

No. 29. Read the following letter from Colonel C. E. FABER, Chief Engineer; to H. FORBES, Esq., Acting Secretary to Government, dated 18th April 1857, No. 11843.

SIR,

I have the honor to forward for submission to Government the accompanying copy of a letter from the District Engineer of Madura, No. 119, dated 5th March 1857, together with a supplemental estimate amounting to Rupees (273) two hundred, and seventy-three, for Superintendence to the Meyloor talook Cutcherry, from the 15th August to the 31st December 1856.

2. This additional expenditure, for which no allowance was made in the estimate, was incurred, in consequence of the orders contained in Extract Minutes of Consultation No. 728, dated 19th May 1856, and Extract Minutes of Consultation No. 2130, dated 14th November 1856, the former order directs, that all works which have not been commenced, on the 1st May 1856, should be stopped, and the latter directs that Overseers employed upon works stopped inconsequence of the former order, should be paid on contingent bills, until the 15th October 1856, when it was erroneously stated in the letter from this office No. 7383, dated 20th October 1856, that other works would be carried on, from the estimates of which the Overseers could be paid.

3. It appears that the error just alluded to, originated in a misconception of a statement, in letter No. 137, dated 12th August 1856, from the District Engineer of Madura, to the effect that on the 15th August 1856, the Overseers thrown out of employ, would be placed in charge of other works, to be transferred by the Collector to the District Engineer none of these works having estimates from which the Overseers could be paid, except temporarily, i. e. until the sanction now solicited could be obtained.

4. I have therefore the honor now to request sanction for the amount of Rs. (273) two hundred, and seventy-three.

No. 30. ORDER THEREON, No. 885; dated 7th May 1857.

The charge referred to in this letter having been already incurred, should be included in the bill for the work, and explanation as to its necessity afforded, when that document is forwarded for sanction.

(Signed) H. FORBES,
Acting Secretary to Government.
