according to the new form; while the nomination of certain members of the Maramut establishments of the Kistnah Division and Vizagapatam District to the subordinate grades of the Department produces a decrease of Rupees 420-8-0 and Rupees 55 respectively in those Districts.

With reference to my despatch No. 11212 of the 23rd March last, I do myself the honor to report that of the several returns therein stated to have been due for January and February 1857, those marginally indicated have come to hand and with the exception of Canara (where a decrease of Rupees 269 has been effected) contain no items to be reported upon.

Canara	Kurnool

6. In conclusion I beg to state that, owing to the great irregularity in the receipt of the returns of decreases from the provinces, I have issued a Circular (copy of which is herewith enclosed) to all Officers in the Department, enjoining a more careful attention to their regular submission of the periodicals called for through the Central office, and in directing them to hereafter forward the statements of decreases *monthly*, I have intimated that all future instances of remissness and irregularity will be brought to the notice of the Right Honorable the Governor in Council.

No. 86. Ordered in consequence that the following letter be despatched.

From H. FORBES, Esq., Acting Secretary to Government of Fort Saint George; to Lieutenant Colonel W. E. BAKER, Secretary to the Government of India, dated 14th July 1857, No. 1350.

SIR,

With reference to Extract from the Proceedings of the Government of India, in the Financial Department, dated 19th December 1856, No. 5554, I am directed by the Right Honorable the Governor in Council to forward a Return shewing the items of decrease which have occurred during the months of March and April 1857, in temporary and permanent establishments in the Department of Public Works.

2. The return, I am desired to state, is in some measure still imperfect, as the Government of India, will observe from the accompanying letter. To secure regularity in the receipt of future Returns of decrease from the Provinces, the Chief Engineer has issued a Circular to all the Officers of the Department, requesting the submission of these Statements monthly and the Governor in Council hopes that by this measure the return to be submitted in the ensuing month will be complete.

Circular.

No XLVI of 1857/58.

Extract from the Proceedings of the Chief Engineer.

Under date the 24th June, 1857

Read the following:

From the Civil Architect

Statement showing decreases effected in establishments permanent and temporary, during the months of March and April, 1857. (H.E. 15th June, 1857)

The Chief Engineer, regrets to observe the great delay that has taken place in the submission of the above document, and, although no decreases have taken place in the establishment during the months of March and April last, the above blank return, which might have been dated and despatched before the 5th May, was not received in the Central Office until the 18th of June. Colonel Habber has frequently pointed out to the Officers of the Department the advisability of drawing up a List of the periodical papers to be submitted by them, and of their timely transmission to this Office, but he regrets that there should still be so great a want of regularity on the part of several Officers in attending to instructions.

Resolved therefore, that the statements shewing decreases effected in Establishments as called for, in Extract from the Minutes of Consultation, No 246, of the 3rd February last.

be hereafter forwarded monthly to the Central Office,
and that the District Engineers, Supt. E. C. Canal,
Civil Architect, and Garrison Engineers, be informed,
that in the future submission of the General Return
to Government, every instance of default will be
brought to the prominent notice of the right Hon^{ble}
the Governor, in Council.
