Fort Saint George, Public Works Consultation of 28th July 1857.

No. 31. Read the following letter from Lieutenant Colonel R. HENDERSON, Chief Engineer of Hyderabad; to H. FORBES, Esq., Acting Secretary to the Government, dated Bolarum, 11th July 1857, No. 293.

SIR,

With reference to the Supplement to the Fort Saint George Gazette, under date the 13th June 1857, ordering the removal of Deputy Commissary F. Eaton, and of Sub Conductor Palmer, from under my orders, I have the honor to request you will have the goodness to lay before Government, the fact, that originally four* Europeans were placed at my disposal, to assist in the construction of the new Barracks at this Station,† two of whom have since left me to better their prospects; and should the other two above named, also be withdrawn I shall be totally deprived of European Superintendence, without which I consider it impossible to carry on these extensive, and important works in a satisfactory manner.

2. It is true that the works are far advanced, but they are now scattered over a larger Area than they were at first, and there are still as many work people employed daily, as there were when the work was first commenced.

3. Under the above circumstances I trust the Government will be pleased to authorize the services of the two Subordinates above named being continued to this Department, or that they be replaced by others. Mr. Deputy Commissary Eaton, is now on leave, and has, I understand, been ordered by Colonel Faber, to join his new appointment, but I trust the Government will approve of my detaining Mr. Palmer, on his present duty pending a reply to this representation.

No. 32. ORDER THEREON, No. 1119; dated 23rd July 1857.

Under the circumstances stated by Colonel Henderson, the Right Honorable the Governor in Council sanctions the retention of Deputy Commissary F. Eaton and Sub Conductor C. Palmer, for superintending the construction of the new Barracks at Trimulgherry.

(Signed) H. FORBES,
Acting Secretary to Government.
