Not to be folded or roughly handled

Fort Saint George, Public Works Consultation of 28th July 1857.

No. 66. Read the following Extract from the Proceedings of the Chief Engineer, dated 6th July 1857, No. 1795.

Read the following letter from Lieutenant J. F. FISHER, District Engineer of Bellary; to Colonel C. E. FABER, Chief Engineer, dated 26th June 1857, No. 99.

SIR,

I have the honor to forward copy of the foregoing letter from Lieutenant Drever, an Executive Officer in this District, and beg to solicit for this Officer the claim he has set forth in para. 5 of his letter.

2. Lieutenant Drever has suffered severely from loss of allowances by an accident, and not in any way by his own fault, I do not think therefore his request for retrospective date of appointment can be considered otherwise than as some compensation for his losses.

Letter from Lieutenant W. S. DREVER, 4th Class Executive Engineer; to Lieutenant J. F. FISHER, District Engineer of Bellary, dated 25th June 1857, No. 20.

SIR,

Extract Minutes of Consultation, under date the 21st March 1857, will have made you acquainted with the cause of my name having been omitted from the permanent strength of the D. P. W., published in Gazette of 13th June, my name stands 6th among the 4th Class Executive Engineers. I presume I may therefore say, that had it not been for an official oversight, my name would have stood somewhere in that grade in the list first published.

In consequence however of the omission, I was detained at Madras from the 14th March to the 30th April, receiving nothing but my Military allowances.

I joined the Bellary District as a temporary Assistant Engineer on the 12th May, and acted in that capacity until the receipt of intelligence of my promotion on the 22nd June.

As many of my juniors have during this period been receiving the higher emoluments of Executive Engineers 4th Class, and as my unavoidable detention at Madras was in reality a heavy pecuniary fine, I would respectfully beg that my appointment as Executive Engineer 4th Class be made retrospective to the date of my joining the Bellary District; I shall therefore be much obliged by your submitting my proposition to the Chief Engineer for his consideration, with whatever remarks you may think proper to append.

Resolved, to forward copies of the foregoing letter No. 99, dated the 25th Ultimo, from the District Engineer of Bellary, and of its enclosures from Lieutenant Drever for the favorable consideration of Government, with the Chief Engineer's recommendation, that under the circumstances stated, and from the fact of Lieutenant Drever having suffered loss of allowance from the accident of his name having been omitted in the list of the D. P. W., published in the Supplement to the Fort Saint George Gazette of the 27th January 1857, the pay of a 4th Class Executive Engineer may be passed to that Officer from the 12th May last, the date on which he joined the Bellary District.

(Signed) C. E. FABER, Colonel,
Chief Engineer.

No. 67. ORDER THEREON, No. 1437; dated 25th July 1857.

With the above Proceedings, the Chief Engineer submits an application from Captain Drever, 4th class Executive Engineer in the District of Bellary, requesting, for reasons stated, that his present appointment may be made retrospective to the date of his joining the District,

Fort Saint George, Public Works Consultation of 28th July 1857.

and recommends accordingly that the pay of his present rank be passed to that Officer from the 12th May last. The Government observe that if this request were complied with, there would be one Officer in excess of the proper number of the 4th class Executive Engineers from 12th May to 13th June last, and they are unable to authorize any such addition.

(Signed) H. FORBES,
Acting Secretary to Government.

No 1775-
Extract from the Proceedings of the Chief Engineer
in the Department of Public Works.

Under date the 6th July 1857.
Read the following:

District Engineer's Office
Bellary 28th June 1857.

Lieutenant J. F. Fisher
District Engineer
of Bellary.
The Chief Engineer
of Fort Saint George.

I have the honor to forward copy of the
following letter from Lieutenant Drevon an Executive
Officer in this District, and beg to solicit for this
Officer the claims he has set forth in para 5 of
his letter.

Lieutenant Drevon has suffered
severely from loss of allowances by an accident
and not in any way by his own fault, I do not
think therefore his request for retrospective date
of appointments should be considered otherwise
than as some compensation for his losses.

I have the honor
to be, Sir, your obedient servant
J. F. Fisher
District Engineer Bellary

No 20
To
The District Engineer

Sir.

Extracts Minutes of Council for
under date the 21 March 1857. This has been
you acquainted with the same. It is a matter
having been omitted from the list of matters
of the B. D. C. published in the 21 March 1857.
my name stands among the list of matters
Engineers. I presume that the Council had
had it not been for an error in the list
name would have stood as matters in the
grade in the list first published.

In consequence of my being
sick, I was detained at home from the
21 March to the 30 April, receiving nothing but
my Military allowance.

I paid for my District Engineer's
Temporary Assistant Engineer, and for my
and also for my District Engineer's
intelligence of my presence in the District.

As during my absence from the
this period being occupied by the District
of Executive Engineers of the District.

unavoidable absence of the District
reality, a heavy pecuniary loss was incurred
by that our appointments as District Engineers

2nd Chap to be made to the District Engineer
my joining the Bellary District. I shall therefore
be much obliged by your issuing my proposition
to the Chief Engineer for his consideration.

Gov. of Bellary.

of record, to forward a copy of the foregoing letter to the 25th ultimo, from the District Engineer at Helena and of its enclosure from Lieutenant Smart for the Bureau. In consideration of its connection with the Chief of Engineers, I have suggested that, under the circumstances stated, and from the fact of Lieutenant Smart having suffered loss of allowance from the accident of his name having been omitted in the list of the S. & W. published in the supplement to the Fort & Engineer Gazette of the 27th November 1897, the pay of a 2nd Class Executive Engineer may be paid to that officer from the 1st November, the date on which he joined the Bureau District.
