Read the following letter from the Secretary Medical Board.

Submitting correspondence from the Collector of South Arcot, relative to the addition of a ward for Midwifery cases in the Civil Dispensary at Cuddalore with Medical Board's observations. } (Here enter 17th February 1857, No. 40.)

It appears that the Civil Dispensary at Cuddalore provides no accommodation for the treatment of Midwifery cases, and it is suggested that for this purpose an additional ward, capable of holding four beds, be erected.

2. Adverting to the fact that the present building was constructed at the entire expense of Government, the Right Honorable the Governor in Council concurs with the Medical Board that the Native Community, for whose benefit the Dispensary has been chiefly established, should be called upon to defray the further small outlay, viz., Rupees 500, now proposed for its enlargement. The Collector will therefore be good enough to make this known to the Inhabitants of Cuddalore, and on the required amount being raised he will again address Government.
