*Fort Saint George, Public Works Consultation of 2nd June 1857.*

No. 17. Extract from the Minutes of Consultation, dated 27th May 1857, No. 1017.

Considering that emergencies may arise to call for the sudden movement of Troops, at places where all the available labor and carriage has been already engaged by the Public Works Department, and that serious results might follow if aid were not promptly given to the Military authorities, the Right Honorable the Governor in Council resolves to request the Chief Engineer to instruct all Officers in his Department to afford every assistance in carriage and coolies, whenever they may be called upon by Military Officers under orders to move Troops on emergency.

A copy of this resolution will be forwarded to the Military Department.
