

Fort Saint George, Public Works Consultation of 26th January 1858.

No. 3. Read the following Extract from the Proceedings of the Chief Engineer, dated 2nd January 1858, No. 6355.

Read the following letter from Lieutenant E. A. FOORD, District Engineer, South Arcot; to Colonel C. E. FABER, Chief Engineer, dated Cuddalore, 26th December 1857, No. 394.

SIR,

I have the honor to inform you that Lieutenant Hamond gave over charge of the 4th Executive range of South Arcot on the 19th Instant and Overseer Bateman has taken charge from that date.

2. Mr. Bateman has been employed in the three Southern Talooks for more than two years. He is therefore well acquainted with the localities and the works now in progress. He has moreover shown himself qualified for an independent charge. No other qualified member of the department at present in the District has been in those Talooks, and those that are in the District are fully employed elsewhere.

3. I therefore request you will obtain authority for Mr. Bateman being appointed to the charge of the 4th Executive range, in order that he may be enabled to draw the extra allowance sanctioned in Extract Minutes of Consultation of the 10th November 1857, No. 2087. I also beg to recommend Mr. Bateman's appointment, for the present, in preference to that of any Officer new to the District, for no matter what may be the qualifications of the latter, much time must elapse before he can become acquainted with the localities and the History of the works in progress. This Division of the District has already been under four persons, since the beginning of the year, and this frequent transfer of the charge is not at all to its advantage in any way.

Resolved to forward to Government copy of the foregoing letter No. 394, dated 26th December 1857, with the Chief Engineer's recommendation of Overseer Bateman for the charge of the 4th Executive range of South Arcot from the date of Lieutenant Hamond's departure and the grant of the authorized increase whilst so employed.

(Signed) C. E. FABER, Colonel,
Chief Engineer.

No. 4. ORDER THEREON, No. 102; dated 20th January 1858.

The Right Honorable the Governor in Council authorizes the disbursement to Mr. Overseer Bateman, during the period he may be in charge of the 4th Executive range of the District of South Arcot, of the extra allowance sanctioned in Extract Minutes of Consultation 10th November 1857, No. 2087 to members of the Upper Subordinate establishment whilst Officialing in Engineering charge.

(Signed) H. FORBES,
Acting Secretary to Government.

To,

Colonel C. C. Faber

Chief Engineer S. P. M.

Sir,

I have the honor to inform

you that Lieutenant Hammond gave over
charge of the 4th Executive Range of the
South Arcot on the 19th instant and Overseer
Bakeman has taken charge from that
date.

2. Mr. Bakeman has been em-
ployed in the three Southern Talooks for
more than two years. He is therefore well
acquainted with the localities and the
works now in progress. He has moreover
shown himself qualified for an independent
charge.

charge. No other qualified member of the department at present in the district has been in those Talooks, and those that are in the district are fully employed elsewhere.

3. I therefore request you will obtain authority for Mr. Baxman being appointed to the charge of the 4th Executive Range, in order that he may be enabled to draw the Extra Allowance sanctioned in Extract Minutes of Consultation of the 10th November 1857 No. 2087. I also beg to recommend Mr. Baxman's appointment for the present, in preference to that of any Officer new to the district, for no matter what may be the qualifications of the latter, much time must elapse before he can be acquainted with the localities and the history of the works in progress. This division of the district has already been

been under four persons, since the beginning of the year, and this frequent transfer of the charge is not at all to its advantage in any way.
