Fort Saint George, Public Works Consultation of 26th January 1858.

No. 31. Read the following Extract from the Proceedings of the Chief Engineer, dated 11th January 1858, No. 6559.

Read the following letter from Captain F. H. RUNDALL, District Engineer, Godavery Division; to Colonel C. E. FABER, Chief Engineer, dated Camp at Bobberbenka, 23rd December 1857, No. 150.

SIR,

I have the honor to bring to your notice, that a cash balance of Rupees 323-4-5 having been shewn in the last Account Current furnished to me by G. Taylor Esq., Civil Engineer, I requested him in my letter of the 16th October to remit the same to me. He stated in reply that disbursements have been made by him not yet charged in his accounts which leave him a creditor of Government and that he cannot give a complete statement thereof until his removing labours are finished.

2nd. Upon this I informed him that consequent on his resignation, all accounts between us must necessarily cease, and that no order by Government authorizing any further expenditure by him having been communicated to me, all expenditure incurred by him subsequent to the date of his resignation would be on his own responsibility and risk, to this no reply having however as yet been received from him, a further reference on the subject has this day been made requesting him to furnish the particulars of his expenditure.

Resolved that a copy of the foregoing letter No. 150, dated 23rd December 1857, from the District Engineer Godavery, bringing to notice that a cash balance of Rupees 323-4-5, is not yet remitted or accounted for by Mr. George Taylor, be forwarded for the information and orders of Government.

(Signed) C. E. FABER, Colonel,
Chief Engineer.

No. 32. ORDER THEREON, No. 116; dated 21st January 1858.

The Government direct that the sum outstanding against Mr. G. Taylor be stopped from passage money granted to him, unless satisfactorily accounted for.

(Signed) H. FORBES,
Acting Secretary to Government.
