No. 49. Read the following Extract from the Proceedings of the Government of India, dated Fort William, the 27th April 1857, No. 2196.

Read the following Extract from the Proceedings of the Right Honorable the Governor General of India in Council in the Financial Department, under date the 17th April 1857, No. 1621.

Read again the Financial Resolution dated the 20th July 1855, on the mode of bringing before the Government of India all fresh expenditure requiring its sanction.

Read an Office Memorandum from the Public Works Department, No. 1191, dated 13th ultimo, forwarding, with suggestions, copy of a correspondence with the Chief Commissioner of Oude, on the subject of entertaining Classies for Sub-Surveyors in Oude.

RESOLUTION.—The Right Honorable the Governor General in Council observes, from the papers submitted, that in December last, the Chief Engineer of Oude having represented to the Chief Commissioner that, by an oversight, no sanction was obtained to the entertainment of six Classies for the six Sub-Surveyors who are engaged in surveying the various District Roads in that Province, the Chief Commissioner granted the authority; that with reference to the Financial Resolution dated the 20th July 1855, it was pointed out to the Chief Commissioner, that he had no power to authorize any fresh expenditure whatever, having reference to salaries, gratuities or allowances, in anticipation of the sanction of the Government of India, excepting only in cases of the utmost emergency, which are forthwith to be specially reported to the Government of India, and that the Chief Commissioner was requested to apply for sanction in the regular form for the entertainment of the Classies referred to.

The Chief Commissioner in forwarding the required application for sanction to the entertainment, when required only, of six Classies for the six Sub-Surveyors in question, the cost of which is to be charged for by the Officers under whom they are employed, in their monthly Contingent Bills, explains that it was owing to the Chief Engineer's application not having been for the formation of a regular establishment, that the application was sanctioned by him in the first instance.

In according sanction to the entertainment of the six Classies applied for, the Right Honorable the Governor General in Council is pleased to pass the following general Rule, *viz.*:

Chief Engineer may sanction a temporary Establishment of Classies for any Surveyor or Engineer, whose employment on Survey duty has been sanctioned by Government, not exceeding six Classies for each separate party, and provided that the expected duration of the Survey does not exceed six months. For a longer period than six months, and for any number exceeding six men to one party, a regular application shall be made in the usual manner. Temporary establishments for Survey duties thus authorized by Chief Engineers, shall be charged in a Contingent Bill, by the Officer in charge of a Survey.

ORDER.—Ordered, that a copy of the above Resolution be sent to the Public Works Department, for information and for the issue of the necessary instructions.

Ordered also, that the Rule be published in the Calcutta *Official Gazette*, for general information.

(A true Extract.)
