G.O. No. 1279 Press Mis.

9 Dated 1—7— 18 37

Not to be folded or roughly handled

Fort Saint George, Public Works Consultation of 7th July 1857.

No. 9. Extract from the Minutes of Consultation, dated 1st July 1857, No. 1279.

29th March 1855 in letter from late Board of P. W. 23rd April 1855, No. 338.

On the suggestion of the late Collector of Canara, application was made to the Government of Bombay, and their permission obtained, for the continuance of the services of Lieutenant Taylor of the Indian Navy on the Canara Coast, for the purpose of carrying on during the monsoon his observations on the Ports of Sedasheghur and Tuddry, as well as for the planning and execution of works of improvement to the Canara Harbours. As the Government have received no information on this subject since this permission was granted, they resolve to avail themselves of Lieutenant Taylor's presence in Madras, to request that he will submit, at his earliest convenience, a report of his proceedings in connection with his examination of the rivers on that Coast, with his views of the relative value of each, and of the Harbours, their mouths may afford, and that he will favor Government with any suggestions he may be able to offer on the improvement of the navigation in Canara, either inland, by the rivers, or coastways by backwaters and canals.

(Signed) H. FORBES,
Acting Secretary to Government.
