Fort Saint George, Public Works Consultation of 13th July 1858.

No. 31. Read the following letter from Colonel C. E. FABER, Chief Engineer; to W. II. BAYLEY, Esq., Acting Secretary to Government, dated 4th June 1858, No. 848.

SIR,

With reference to Extract Minutes of Consultation No. 980, dated 25th May 1858, I have the honor to forward, for submission to Government, an Estimate for improving the Deputy Tahsildar's Cutcherry at Tanjore, amounting to Rupees (1,080) one thousand and eighty.

2. The rates appear to be moderate and sufficient, but no Plans having been sent up, no report can be furnished.

No. 32. ORDER THEREON, No. 1314; dated 8th July 1858.

The Chief Engineer submits with reference to Extract from the Minutes of Consultation dated 25th May 1858, No. 980, an estimate for improving the Deputy Tahsildar's Cutcherry at Tanjore, amounting to Rupees 1,080.

2. The Collector states in his letter to the Board of Revenue, dated 31st March 1858, received with their Proceedings of 6th May 1858, that one of the main walls of the building is cracked and at any time may fall down, that its foundation is bad; that the room for confining Prisoners under enquiry or sentence, is much too small and insecure; that there are no means available for separating the sexes; that on several occasions he was doubtful whether when he sent suspicious characters to the Police Ameen's Cutcherry, he could be sure of having them before him the next morning, and further that it certainly would be hazardous to confine there at one time, 10 or 12 strong evil disposed men, who had an object in evading justice.

3. Under these circumstances, the Right Honorable the Governor in Council sanctions the estimate, amounting to Rupees (1,080) one thousand and eighty, for immediate execution from the one lac fund.

4. The Government think that this opportunity should be taken, to assimilate the building as far as possible, to one of the standard plans approved in Extract from the Minutes of Consultation, dated 18th November 1857, No. 2122.

(Signed) T. PYCROFT,

Chief Secretary.

letter from the Chief Engineer

/ Here enter 4th June 1858 1858. /

The Chief Engineer
submits with reference to Extract
from the Minutes of Consultation
dated 25th May 1858 Rs 980 an
Estimate for improving the Deputy
Thasildar's Cutchery at Thangone
amounting to Rupees 1080.

2 The Collector states
in his letter to the Board of
Revenue dated 31st March 1858
received with their Proceedings
of 6th May 1858 that one of the
main walls of the Building
is cracked and at any time
may fall down, that its
foundation

foundation is bad; that the room
for confining Prisoners under
enquiry or sentence is much
too small and insecure; that
it means available
for separating the sexes; that
on several occasions he was
doubtful whether when he sent
suspicious characters to the Police
Arms Catchery he could be
sure of having them before him
the next morning and further
that it certainly would be
hazardous to confine there at
one time, 10 or 12 strong evil
disposed men who had an
object in evading justice.

3 Under these cir-
cumstances the Right Honorable
the Governor in Council sanctions
the Estimate, amounting to
Rupees (1080) One thousand
and eighty, for immediate
execution from the one lakh fund.
