No. 31. Read the following letter from Colonel C. E. FABER, Chief Engineer; to W. H. BAYLEY, Esq., Acting Secretary to Government, dated 4th June 1858, No. 848.

SIR,

With reference to Extract Minutes of Consultation No. 980, dated 25th May 1858, I have the honor to forward, for submission to Government, an Estimate for improving the Deputy Tahsildar's Cutcherry at Tanjore, amounting to Rupees (1,080) one thousand and eighty.

2. The rates appear to be moderate and sufficient, but no Plans having been sent up, no report can be furnished.

No. 32. ORDER THEREON, No. 1314; dated 8th July 1858.

The Chief Engineer submits with reference to Extract from the Minutes of Consultation dated 25th May 1858, No. 980, an estimate for improving the Deputy Tahsildar's Cutcherry at Tanjore, amounting to Rupees 1,080.

2. The Collector states in his letter to the Board of Revenue, dated 31st March 1858, received with their Proceedings of 6th May 1858, that one of the main walls of the building is cracked and at any time may fall down, that its foundation is bad; that the room for confining Prisoners under enquiry or sentence, is much too small and insecure; that there are no means available for separating the sexes; that on several occasions he was doubtful whether when he sent suspicious characters to the Police Ameen's Cutcherry, he could be sure of having them before him the next morning, and further that it certainly would be hazardous to confine there at one time, 10 or 12 strong evil disposed men, who had an object in evading justice.

3. Under these circumstances, the Right Honorable the Governor in Council sanctions the estimate, amounting to Rupees (1,080) one thousand and eighty, for immediate execution from the one lac fund.

4. The Government think that this opportunity should be taken, to assimilate the building as far as possible, to one of the standard plans approved in Extract from the Minutes of Consultation, dated 18th November 1857, No. 2122.

(Signed) T. PYCROFT,
Chief Secretary.
