No. 25. Read the following letter from Surgeon A. LORIMER, M. D., Secretary Medical Board; to H. FORBES, Esq., Acting Secretary to Government, dated 29th June 1857, No. 129.

SIR,

I have the honor by desire of the Medical Board to bring to the notice of Government, that requisitions for medicines from the Officers of Department Public Works, are becoming very numerous and extensive, and as such issues are not paid for by that Department, it is presumed these items of expenditure are not shewn in their accounts, it appears to the Board therefore desirable, to cause all supplies of medicines in future to be paid for, and the realized value to be credited in the accounts of this Department in the usual way, by which measure this item of expense will as a matter of course appear in their general accounts. Under these circumstances I am desired to solicit the instructions of Government on the subject.

No. 26. ORDER THEREON, No. 1320; dated 9th July 1857.

Ordered to be referred to the Chief Engineer for report.

Acting Secretary to Government.
