G.O. No.	Press Mis.
Letter No. 734 dt. 24-7	
Dated 13-7-	18

Not to be folded or roughly handled

No. 97. Ordered that the following letter be despatched.

From T. PYCROFT, Esq., Chief Secretary to the Government of Fort Saint George; to Major E. LAWFORD, Officiating Chief Engineer, dated 13th July 1858, No. 1347.

SIR,

Para. 1. With reference to the correspondence that has taken place on the subject of Captain Crewe's nomination to the Survey Department and to the appointment of Mr. Tuke in his stead, I am directed to request that you will explain for the information of Government, the practice followed in the Central Office in the posting of Officers of the Department Public Works, and in the disposal of their office establishments, as well as, the Rules under which such practice obtains.

2. The Government observe from the monthly return of postings furnished from the Central Office, that Executive Officers are frequently transferred from one District to another, and the question naturally arises, what is done with their office establishments in such cases. When one Officer takes up the appointment of another, the Government apprehend that no difficulty will arise in the disposal of the establishment, but where this is not the case, the practice followed requires to be explained. For instance, the Government would observe that Mr. Tuke, Acting 4th Class Executive Engineer in Rajahmundry, was appointed on the 8th June 1858, as a 3rd Class Executive Engineer in the room of Captain Crewe in Trichinopoly. If Mr. Tuke, joins that District, he takes up Captain Crewe's Office establishment, but if he does not join, what becomes of that establishment, and how is it disposed of; and is any addition made to the Office establishment of Mr. Tuke in Rajahmundry without any reduction of the Trichinopoly establishment?

		Rs.
Establishment of	4th Class Executive Engineer.....	104
do	of 3rd do.	150

3. The Government request that all the Rules and Regulations bearing on the subject may be prominently brought to view, and that the practice obtaining in the Central Office in respect of the points noticed, may be fully and clearly laid before them.

No. 1347.
