No. 102. Read the following letter from Major E. LAWFORD, Officiating Chief Engineer; to T. PYCROFT, Esq., Chief Secretary to Government, dated 8th July 1858, No. 1799.

SIR,

I have the honor to forward for submission to Government, the accompanying Statement of the amount of rain fallen in the Collectorates under this Presidency during the 4th Quarter of 1857-58.

2. Since the above Statement was prepared, the order of Government No. 1253 dated 2nd Instant has been received. I regret that the Statement for the 3rd Quarter, alluded to therein, had been forwarded so late for publication in the Fort Saint George Gazette, but the delay in submitting the same to Government has arisen from the circumstance of all the Returns from the different Districts not having reached this Office until the end of May last, although frequent reminders were sent to hasten their despatch.

3. The same tardy receipt of the Returns for the 4th Quarter also from the Districts has caused a delay in submitting the Statement now forwarded, but I trust in future the Returns will be received here in due time.

No. 103. ORDER THEREON, No. 1350; dated 13th July 1858.

Ordered to be published in the Gazette.

(Signed) T. PYCROFT,
Chief Secretary.
