No. 115. Read the following letter from Major E. LAWFORD, Officiating Chief Engineer; to W. H. BAYLEY, Esq., Acting Secretary to Government, dated 3rd July 1858, No. 1660.

SIR,

With reference to Extract Minutes Consultation No. 1009 of the 28th May 1858, I do myself the honor to submit for the information of Government, transcript of a letter received from the District Engineer of Bellary, explaining the cause of the estimate for repairing a Well at Saulkoor being so much larger than the others submitted with it, which it is hoped will be found satisfactory.

Copy of a letter from the District Engineer Bellary No. 60 dated 23rd June 1858.

Letter from Lieutenant J. F. FISHER, District Engineer of Bellary; to Colonel C. E. FABER, Chief Engineer, dated Camp Ghooty, 23rd June 1858, No. 60.

SIR,

I have the honor to acknowledge receipt of Extract from your Proceedings No. 1246 dated 18th Instant, and in reply beg to inform you the cause of the Estimate for repairing a well at Saulkoor being so much larger than the others submitted with it, arises entirely from the dimensions of the old well at this village, to which it is proposed to construct stone facing, being so much larger than those of the other wells; the rates charged are somewhat less than for the other works but the sides of the well are nearly 5 times as great and the depth considerably more.

No. 116. ORDER THEREON, No. 1357; dated 13th July 1858.

Ordered that the foregoing letter be recorded.

(Signed) T. PYCROFT,
Chief Secretary.
