Trepalvor 6th June 1858

My dear Tyaroff

I have been speaking to day to Lord Harris about Capt. Crewe's position at Tedemsoly. He has been detained after the temporature of the S. C. W. had been accepted, to bring up his accounts to the end of the year 57/58. This detention is made longer than it otherwise would be in consequence of Capt. Crewe's Establishment having been handed over by Ryves to one of his Subordinates. Meanwhile if

Crewe is to be considered out of the D. P. W. and as not having joined the Survey, he is to receive allowances, which was not intended. Lord Harris then gave thanks that it should be intimated to Capt Tate that his appointment is to be considered as commencing from the time Capt Crewe gives over charge to the District Engineer. and Capt Crewe's resignation from the same date.

An official Communication also to this effect ought to be made to the Civil Auditor, in an D.M.O., and copy sent to Tate & Crewe for information. Would you kindly give the necessary orders.
