No. 9. Read the following Extract from the Minutes of Consultation in the Ecclesiastical Department, dated 3rd July 1857, No. 274.

Read the following letters.

From G. A. Harris, Esq., Civil Judge of Chittoor.

Stating that if he has been rightly informed that the Church and Out-buildings connected therewith at his Station have been purchased by the Government from the Propagation Society he would suggest that early measures be taken for putting the same in proper repair, the storm which occurred in last month having considerably damaged the latter, and that in case the Government have purchased it, it will be considered necessary to entertain some sort of Establishment for its due care and preservation. } (Here enter 10th June 1857.)

From the Honorable Company's Solicitor.

Returns certain papers connected with the purchase of the Church and Buildings at Chittoor, and states that he is in communication with the parties mentioned to enable him to prepare the necessary Conveyance of the Church in question. } (Here enter 22nd June 1857, No. 348.)

In Extract Minutes of Consultation, 30th May last, No. 241, para. 2, orders were issued for the requisite repairs being made to the Church and Out-houses connected with it at Chittoor, (which the Gospel Society had consented to transfer to Government,) at the estimated cost of Rupees 419-2-1.

The Civil Judge now reports that the Out-buildings have been considerably damaged by the Storm of last month, and as their repair will necessarily involve a larger outlay than that at first contemplated, the Chief Engineer, Department of Public Works, will call upon the Civil Engineer of the Division to report on the present condition of the buildings and to submit a revised Estimate for placing them in good order.
