No. 28. Read the following letter from Major E. LAWFORD, Officiating Chief Engineer; to W. H. BAYLEY, Esq., Acting Secretary to Government, dated 2nd July 1858, No. 1575.

SIR,

1 Letter from Marine Board, No. 2514 dated 21st June 1858.
1 Letter from District Engineer, No. 134 dated 3rd June.
Plan.
Estimate.

I have the honor herewith to submit for emergent sanction by the Right Honorable the Governor in Council, an estimate amounting to Rupees 320, for certain most necessary additions to the Santapilly Light House in the District of Vizagapatam.

2. The Plan having been approved of by the Marine Board, and recommended for early sanction both by them and the Acting District Engineer, by the latter on the plea of the feebleness of the present light, I beg to add my recommendation that this estimate amounting to Rupees (320) three hundred and twenty, be sanctioned out of the 1 lac fund.

Letter from Lieutenant J. VERTUE, Acting District Engineer, Vizagapatam; to Colonel C. E. FABER, Chief Engineer, dated Camp Waltair, 3rd June 1858, No. 134.

SIR,

I have the honor to forward a Plan and Estimate of the alterations proposed to be made at the Santapilly Light House. These are mainly the enlargement of the room near the Lantern,

For Rupees 320.

where the Lascars sleep at night, and which, being only about 8×5 feet is very much too small; making a new stand for the Lantern some time ago sent from Madras, and which is much larger and heavier than that at present in use, necessitating for the support of the arch over which it stands, a masonry pillar as shewn in the Plan.

2. These alterations should be carried out without loss of time, particularly as I understand many complaints are made of the feebleness of the Light at present used.

Letter from J. J. FRANKLIN, Esq., Secretary Marine Board; to Colonel C. E. FABER, Chief Engineer, dated 21st June 1858, No. 2514.

SIR,

I have the honor by desire of the Marine Board to return herewith the Plan and Estimate of certain contemplated alterations to be made to the Santapilly Light House, and am to state that the Board are satisfied with the same and hope that they will be put in hand as early as conveniently possible.

No. 29. ORDER THEREON, No. 1372; dated 15th July 1858.

Referred to the Marine Department for consideration.
