G.O. No.	1276	Press Mis.
Dated	[illegible]	1837

Not to be folded or roughly handled

Fort Saint George, Public Works Consultation of 20th July 1858

No. 56. Read the following letter from Major E. LAWFORD, Officiating Chief Engineer; to W. H. BAYLEY, Esq., Acting Secretary to Government, dated 2nd July 1858, No. 1604.

SIR,

In obedience to the orders of Government contained in Extract Minutes of Consultation No. 908, dated 12th May 1858, I do myself the honor of forwarding for the information of His Lordship in Council, copies of letters received from the District Engineers of Vizagapatam and Chingleput, reporting on the condition of the Cemeteries at Bimlipatam and Sadras.

Copies of correspondence containing copy of letter from the Head Assistant Collector. dated 15th March 1858.
Do. do. No. 152. dated 8th June 1858, from District Engineer of Vizagapatam and,
Do do. No. 150. of 5th June 1858 from District Engineer of Chingleput.

2. Lieutenant Vertue reports that the Tombs at Bimlipatam are all of a comparatively modern date and in very good order; consequently, I presume that no repairs are considered necessary.

3. With regard to the Cemetery at Sadras, a report on its condition was forwarded to the Central Office on the 19th March 1858 by the Collector of Chingleput, subsequently the Chief Engineer sanctioned an estimate amounting to Rupees (95) ninety-five, for such repairs as at the time was found to be necessary, and I now learn from the District Engineer, that the same provided for the preservation of the whole of the Tombs in the Cemetery.

Vide accompanying copy of letter,

Letter from G. B. TOD, Esq., Head Assistant Collector; to C. J. SHUBRICK, Esq., Collector of Chingleput, dated 15th March 1858.

SIR,

I have the honor to inform you that agreeably to your instructions, I have visited Sadras and inspected the Christian Burial Ground of that place. The Protestant Burial Ground is a very small one, in size about 25 yards square situated on the north side of the village and is surrounded on all sides by a wall, 3 sides of which are in good order and the 4th side has been recently built up with bricks, and is perfectly sound, but wants being covered with chunam. In other respects the Burial Ground has been well kept and is in good order.

Letter from Lieutenant J. VERTUE, Acting District Engineer, Vizagapatam: to Colonel C. E. FABER, Chief Engineer, dated Camp Waltair, 8th June 1858, No. 152.

SIR,

In answer to your letter No. 375 dated 18th Ultimo, which was by mistake forwarded to the District Engineer of Ganjam and by him sent to me, I have the honor to report that I have just inspected the Tombs in the Burial Ground at Bimlipatam, and find them to be all comparatively modern, the oldest bearing date 1768; so far as I can learn there are none of any historical interest. The four largest Tombs (also the oldest) which may have belonged to persons of some consequence, have no inscriptions but they are in very good preservation.

Letter from Lieutenant A. S. MOBERLY, District Engineer of Chingleput; to Colonel C. E. FABER, Chief Engineer, dated Camp Guindy, 5th June 1858, No. 150.

SIR,

With reference to Extract Minutes of Consultation No. 908 of the 12th May last, communicated with your Memo. No. 375, of the 18th of the same month, I have the honor to inform you that Lieutenant Hankin states, that the estimate amounting to Rupees 95 sanctioned by you in Extract from your Proceedings No. 694 of the 31st Ultimo, provides for repairing all the Tombs in the Burial Ground at Sadras.

No 57. ORDER THEREON, No. 1386; dated 17th July 1858.

Ordered to be communicated to the Ecclesiastical Department, with referenec to Extract Minutes Consultation in that Department, dated 22nd May1858, No. 171.

(Signed) T. PYCROFT,
Chief Secretary.
