N^o 6823

Extract from the Proceedings of the Chief Engineer
in the Department of Public Works.

Under date the 22nd January 1858.

Reads again letter from the District
Engineer - Kistna.

Here Enter N^o 126. dated 2^d December 1857.

Enclosure 1

Letter from District

Engineer Kistna.

dated 22nd December

1857.

Resolved to submit the foregoing letter with its enclosure to Government thro' the Civil Auditor with the Chief Engineer recommendation that the extension of 2 Months leave applied for by Sub Over-
seer J. Leobharoy of the Kistna Division may be granted from the 7th January to the 6th March 1858.

It is observed that the leave applied for by Supervisor Deerasawmy has already been notified in Fort St George Gazette 8th January 1858.

Wm. Bates Colonel
Chief Engineer

1884

to the Supervisor and the Sub Overseer this
indulgence, I have the honor to believe, you
will be pleased to grant them almost as a
right, considering the unusually severe weather
which they must have experienced in journeying
from Bezourah to Salem in the past months
of October and November.

Yours &c

28th November 1857

To
Lieutenant O. W. Chambers
Acting District Engineer
Kistnah Division

Sir
I beg to bring to your notice
that when I left the Station on the 7th
October 1857 to join this place I was
necessarily delayed on the road owing to
the heavy rain and as the better part of
my leave amounting to 15 days was taxed
there by on the roads I feel that I would
be unable to accomplish my wishes if an
extension were not given me.

I shall in consequence
feel thankful your kindly obtaining for
me an extension of Two Months leave
in addition to that already granted
under Section VIII of the Unconvenanted
Service

with a stoppage of half salary for a continuous ...
period of 6 months

The Sub Overseer's Application is dated
28th November 1857, and the Proceedings of the ...
Chief Engineer 22nd January 1858, or 16 Days beyond * received in the
the expiration of the leave, a circumstance which the Audit Office on
will require the leave if granted to have retrospective the 25th
effect contrary to Section III of the Madras Rules

Civil Auditor's Office
Fort Saint George

Leitchford

Civil Auditor

The Secretary to Government
Public Works Department

C. P. M. M.

N^o 126

Bezbarah

2nd December 1857

To

The Chief Engineer

in the D. P. Works

Madras

Sir

1. In submitting the accompanying
Applications for extension of leave from
Supervisor J. Perasammy and his brother
Sub Overseer J. Soobling, I do myself the
honor to observe that the distance between
Bezbarah and Salem being nearly 500 miles,
they could not, on applying for and obtaining
their Original leave for 3 months, have counted
on having much more than one month to spend
at Salem.

2. Granting them two months extra leave
would delay their return to this District until
the 6th March 1858 or until the working season
is nearly half over; I suggest therefore with
due deference, that one month only be allowed
to

General Department

N^o 493Report of the Civil Auditor

The Civil Auditor has the honor to observe that Soolharaya Moodely, Sub Overseer 2^d Class, 3^d grade, Ristna Division, is on a leave of Salary than Rupees 100, and hence it is competent either to the District Engineer or the Chief Engineer to grant him leave being guided by the spirit of the Unconformated Service Absentee Rules. However as Colonel Fother has requested the Civil Auditor to forward the Application to Government, the Civil Auditor begs to state that 3 months leave of absence on private affairs was granted by the Chief Engineer to this person on the 3^d of September last - vide page 366 of the Gazette - which he availed himself of on the 7th October following. His leave therefore expires with the 5th instant, and the present Application requests its further extension to the 5th March next, making in all 5 months - Section VIII of the Unconformated Service Absentee Rules, it is observed, permits leave of absence with

nearly half over; I suggest therefore with
no deference, that one month only be allowed
to
