MADRAS RECORD OFFICE.

Government of Madras.

Public Works DEPARTMENT.

G.O. No. 1635 Dated 7-8- 1935

Press Mis.

Not to be folded or roughly handled

No. 51. Read the following letter from Major E. LAWFORD, Officiating Chief Engineer; to W. H. BAYLEY, Esq., Acting Secretary to Government, dated 3rd July 1858, No. 1657.

SIR,

Lieutenant Colonel Henderson, C. B., having forwarded to me the accompanying letter and its enclosures, relative to a censure he had received from His Excellency the Commander in Chief, I do myself the honor to submit the same for the consideration and orders of Government, with reference to Extract Minutes of Consultation No. 1064, dated 4th June 1858.

1 Copy of letter from Chief Engineer, Hyderabad, dated 17th June, No. 837 with its enclosure.
1 Do. 18th June, No. 839 with its enclosure.

2. The question involved is one that appears foreign to the duties of the Chief Engineer of Department Public Works, and such as to preclude me from offering any opinion thereon; especially as the subject has been laid before Government by his Excellency the Commander in Chief; but I may be permitted to solicit attention to Lieutenant Colonel Henderson's second letter, dated 18th June and its important enclosure which have not been already referred to by Government.

Letter from Lieutenant Colonel R. HENDERSON, C. B., Chief Engineer of Hyderabad; to Colonel C. E. FABER, Chief Engineer, Fort St. George, dated Bolarum, 17th June 1858, General No. 837, Departmental No. 477.

SIR,

I have the honor to forward for submission to the Madras Government, correspondence as per margin, from which it will be seen that severe censure has been passed on me by His Excellency the Commander in Chief of the Madras Army, in consequence of my having given effect to distinct orders I had received from my immediate superior the Resident of Hyderabad, viz. not to attend to the requisitions of Major General Coffin, unless they bore his own signature.

Quarter Master General, Madras Army No. 90, dated 18th May 1858.
Reply No. 727, dated 29th May 1858.
Qurter Master General, Madras Army No. dated 7th June 1858.

2. In my letter No. 727, dated 29th May 1858, I explained to His Excellency fully the peculiar circumstances under which I consented to receive requisitions from Major General Coffin at all, on subjects unconnected with the completion of the Trimulgherry Barracks, and expressed my hope that His Excellency would withdraw the censure.

3. His Excellency however has not cancelled, but on the contrary, has repeated his order to me to act in direct opposition to those of the British Resident at Hyderabad, under whose authority I have been placed by the Government of India.

4. I would submit most respectfully to Government that as a Civil Officer, I am not amenable to reprimands or orders from His Excellency the Commander in Chief, in regard to the manner in which I perform my duties of the D. P. W. and as the terms made use of by His Excellency are such, as I am unconscious of having at all deserved and must be prejudicial to my official character, if allowed to remain on record, I consider it my duty to lay the whole circumstances before Government for their consideration.

Letter from Colonel F. A. REID, Quarter Master General of the Army; to Colonel R. HENDERSON, C. B., Chief Engineer, Hyderadad, dated Ootacamund, 7th June 1858.

SIR,

I am directed to acquaint you, that your letter of 29th Ultimo, General No. 727, Departmental No. 418, with enclosures, has been submitted to the Commander in Chief. His Excellency has laid the whole of the correspondence before Government, and when a decision on the subject adverted to, is passed, you will be duly informed.

Meanwhile you will conform to the instructions conveyed to you, in my letter No. 90, dated 18th of last month.

Letter from Lieutenant Colonel R. HENDERSON, C. B., Chief Engineer of Hyderabad; to Colonel C. E. FABER, Chief Engineer, Fort St. George, dated Bolarum, 18th June 1858, General No. 839, Departmental No. 479.

SIR,

In continuation of my letter of yesterday's date, No. 837, I have the honor to enclose for submission to the Madras Government, copy of a letter No. 885, dated 17th June 1858, this-day received from the Resident of Hyderabad, together with copy of his letter to the address of Major General Coffin No. 1221, dated 2nd October 1857, therein referred to, from which it will be seen that the orders I have received regarding General Coffin's requisitions are perfectly distinct, and I would respectfully submit that if I am deserving of censure at all, it is for not having given effect to them when they were first issued.

2. I take this opportunity of soliciting the attention of Government, to the fact that full provision has been made by the Government of India, for the requisitions of the Officer Commanding Hyderabad Subsidiary Force, being met by their having appointed an Officer, Lieutenant Smith to the Secunderabad Division, Hyderabad Department Public Work, as Officiating Executive Engineer, but as General Coffin has, on his own responsibility refused to recognize this appointment as far as the Secunderabad Cantonment is concerned, his requisitions have, with my consent, been forwarded to me, and although signed by his Staff, they have always met with attention rather than the public interests should suffer, and it was only on an occasion when no harm, could come from such a step, that I gave effect to the orders I had so long avoided carrying out with the best intentions.

3. I am aware that I have already brought the above points to the notice of the Madras Government on several occasions, but I trust I may be excused for repeating them on this occasion when I find myself unexpectedly and severely censured by the highest Military authority of the Madras Presidency for the manner in which I have performed my Civil duties.

Letter from Captain A. R. THORNHILL, 1st Assistant Resident; to Lieutenant Colonel R. HENDERSON, C. B., Chief Engineer of Hyderabad, Bolarum, dated 17th June 1858, No. 885.

SIR,

I have the honor to acknowledge the receipt of your letter of the 16th Instant, No. 819 with its enclosures, and am desired by the Resident to remark that the orders of the Government of India regarding the conduct of the duties of the Engineer Department with reference to the authority of the Officer Commanding the Hyderabad Subsidiary Force, are perfectly distinct, and it was in conformity with those orders that the instructions contained in my letter No. 1222 of the 2nd October 1857, were issued to you and Major General Coffin.

Enclosing copy of a letter received from the Quarter Master General Madras Army, &c.

* Resident's letter No. 1221.

2. The only inconvenience that can accrue to the Public service, will be in the event of those instructions not being carried out. They are perfectly plain, and requisitions from Major General Coffin conveyed in the form therein prescribed, are to be at once obeyed.

3. His Excellency the Commander in Chief of Madras is evidently mistaken as to his power of addressing you, except through the medium of the Residents office, and as to his immediate authority over an Officer placed under the Resident's orders by the Government of India, who is moreover serving in a foreign territory and not in the Madras Presidency. Under these circumstances Colonel Davidson sees no reason either to alter or modify the instructions above alluded to as they were submitted for the information of the Government of India in a Despatch No. 157, dated 2nd October 1857.

No. 52. ORDER THEREON, 1552; dated 7th August 1858.

1. Communicated to the Military Department for information, with reference to para. 2 of Extract Minutes of Consultation in that Department, dated 15th June 1858, No. 2155.

2. The following letters will however be omitted, as they are already included among the papers recorded in the Military Extract quoted above.

(a) From the Quarter Master General to the Chief Engineer, Hyderabad, 18th May 1858, No. 90.

(b) From the Chief Engineer, Hyderabad, to the Quarter Master General, 29th May 1858, No. 727.

(c) From the First Assistant Resident, Hyderabad, to the Chief Engineer, Hyderabad, 2nd October 1857, No. 1222.

(d) From the Resident, Hyderabad, to Major General Coffin, Commading Hyderabad Subsidiary Force, 2nd October 1857, No. 1221.

No. 90. 1

To,
Colonel Henderson C. B.
Engineer
Secunderabad.

Sir,

With reference to a letter dated 5th Instant, addressed by you to Major General Cossins, Commanding Hyderabad Subsidiary Force, a Copy of which has been submitted by the latter Officer to the Commander in Chief, I am directed to convey to you His Excellency's orders which you will at your peril disobey, to pay attention to any requisitions, authorized by the Regulations of the Service, which may be addressed to you by Order of the Officer Commanding the Hyderabad Subsidiary Force, until such time as the point in dispute regarding the mode in which correspondence and duty between you and him are to be carried on, shall be authoritatively decided by the Supreme Government to whom the entire Question has been referred; Sir Patrick Grant considers that the litigious disposition you have so frequently evinced is highly inconvenient, and very injurious to the interest of the Public Service, and His Excellency cannot sufficiently express his condemnation of it.—

You ought, the Commander in Chief observes, to have known that your first duty was to give effect to

to the orders of your Senior and Military Superior, making such representation on the subject afterwards if you felt yourself aggrieved, in any way, as you might think were called for.—

I have &c.

18th May 1858

No 704

Chief Engr's Office
Bolarum 20th May 1858.

From The Chief Engineer of Hyderabad.
To The Quarter Master General of the Army
Sir,

I have the honor to acknowledge the receipt of your letter No 90. dated 18th May 1858, and regret that the very severe censure of His Excellency the Commander in Chief should have been passed on me without any opportunity having been afforded me of entering into any explanation of the Circumstances under which my letter dated 10th May 1858. was written to General Coffin.—

2. I have now the honor to append Copies of correspondence noted in the Margin, from which, His Excellency will learn, that in declining to receive requisitions from Major General Coffin, unless

1. To Chief Engineer Madras for information of Govt. No. 464 dated 10th April 1858.—
2. To Major Genl. Coffin No. 625. dated 10th May 1858.—

3 unless bearing his own signature, I was acting under orders of Superior authority, vide letter from 1st Assistant Resident No. 1222. dated 2d October 1857. and its Enclosures (copies attached) and further that in order that the interests of the Public Service might not suffer, I have for a long time avoided giving effect to those orders, until I was in a manner forced into doing so, by General Coffin himself.—

3. In recording his censure of my acts His Excellency the Commander in Chief was doubtless not aware of the peculiar circumstances under which Major General Coffin has had it in his power to make requisitions to me at all regarding works in the Secunderabad Cantonment, other than the construction of the Trimulgherry Barracks according to Plan and Estimate.—

4. There being an Officiating Executive Engineer of the Secunderabad Division, the execution of all works in the Cantonment is necessarily under that Officer's control, my duties with regard to them being confined to the Check and Audit of the accounts in the same manner, as it is the duty of the Chief Engineer of Madras to Check and Audit the accounts of the Executive Officers in charge of Military buildings in Bellary or Trichinopoly.—

But

5. But the present Officiating Executive Engineer of Secunderabad, Lieutenant Smith having in August last fallen under General Coffin's displeasure under a misapprehension, that he had been insubordinate to him, General Coffin assumed the power of summarily removing him from his appointment as far as the Secunderabad Cantonment was concerned, and the Public Works in the Cantonment were consequently at a stand still. I then proposed to General Coffin, that rather than the public interests should thus suffer, he should forward all requisitions, that would otherwise have gone to Lieutenant Smith, to me direct, and that I would cause the works to be carried out. General Coffin then assumed the right of addressing these requisitions to me through his staff, and many of them in the form of peremptory orders, to this I at once objected and on his disregarding my objections I referred the matter to my immediate Superior, the Resident of Hyderabad, who issued instructions to General Coffin to correspond with me direct and directed me to attend to no requisitions unless they bore General Coffin's own signature.—

6. General Coffin however up to the present time has continued to address me through his staff, and I have in all instances attended to the requisitions, contenting myself with remonstrating, but on the first occasion on which General Coffin addressed a requisition to

to me, which could be disregarded without detriment to the Public Service through his staff, on a subject totally unconnected with the completion of the Trimulgherry Barracks, viz^t the clearing out of an Old well within the Cantonment, I took the opportunity of giving effect to the orders I had received, and declined to attend to the requisition - as I know that there were other wells in the neighbourhood giving a supply of water.—

7. With reference to your concluding para, I now regret, that I did not represent General Coffin's treatment of me to His Excellency the Commander in Chief, but I conceived that I had no right to do so, as my appointment here is a Civil one, under the Government of India, and the subject in dispute was one connected with my Official proceedings and not with Military duty - Under the above explanation I trust His Excellency will perceive that although I saw in no way under General Coffin's orders, or connected in a Military point of view with the Hyderabad Auxiliary Force, I have far from shewing a litigious spirit frequently stepped beyond the sphere of my proper duties in order to meet all difficulty which General Coffin himself had created by his usurpation of the functions of one of my subordinate Officers, and I therefore confidently hope, that His Excellency will not allow censure in such severe terms as those conveyed in your letter No. 90. dated 18th May 1858 to remain on record to the prejudice of my Official character.—

I have &c.

Force.

Hyderabad Residency
2nd October 57

I have &c.a
(signed) A. R. Thornhill
1st Assist.t Resident

No. 1221 of 1857

From

Lieut.t Colonel Cuthbert Davidson
Resident at Hyderabad

To

Major General Coffin
Commanding Hy.d Subz. Force
Secunderabad Pol.l Depart.t

Sir,

Lieut.t Colonel Henderson C. B.
having brought to my notice that on a
recent occasion he was ordered by
you to attend at a Committee, I have
the honor to inform you, that as Chief
Engineer of Hyderabad, to which post
he has been appointed by the Government
of India he is not under the orders of
the Officer Commanding the subsidiary
Force, and that the issue of such orders,
as that above alluded to, might be
productive of much inconvenience
to the public service, and might
place

place Lieutenant Colonel Henderson C.B.
in the position of being unable to attend to
the instructions thus given to him.-

2 G. O. G. G. under date the 21st
April 1855 refers to the position of Chief
Engineers upon whom have been conferred
the powers formerly exercised by the
Military Board, and in a letter re-
-cently forwarded for my information
from the Secretary to the Government of
India, to the address of Secretary to Govt.
Fort Saint George, in which the latter
Government is imprived to appoint an
Engineer Officer to the post of Executive
Engineer Secunderabad, it is expressly
laid down that whatever his position
may be in relation to the Public Works
Establishment of Madras or Hyderabad,
he shall be immediately available for
Military duty on application of the
Officer commanding the Subsidiary
Force to the Resident. It is also
provided

provided that this officer shall for the present have charge of the buildings at the Residency, Bolarum and Wara=rungal.

3. It cannot therefore have been contemplated, that the services of the Chief Engineer should be available to the Officer Commanding the Subsidiary Force without a previous reference to the Resident.

4 Should you at any time desire that Lieut.t Colonel Henderson C. B. would be present at a Committee or at any other special duty, I conceive that the proper course to follow would be to apply to me for his services, and I have the honor to request that this system may in future be adopted, and I have also to request that no orders may be issued to him in any way militating against the instructions which have been already given to him by superior authority.

I have

5 In my letter No. 698 dated the 19th August I remarked upon your Com=municating with Lieutenat Colonel Henderson C. B. through the medium of your staff, and I am sorry to observe that the same system is still observed, I conceive, that as head of his Depart=ment, Lieutenant Colonel Henderson C. B. is entitled to be addressed in the same manner in which I am myself addressed and I have therefore directed him to attend to no requisitions from you except such as may be conveyed to him in letters bearing your own sig=nature.

I have &c.a
